The Objectives of Islamic Law Rumeen Ahmed, Idris Nassery, Muna Tatari, 2020-07-06 Scholars thinkers and activists around the world are paying increasing attention to a legal reform method that promises to revolutionize the way people think about Islamic law Known as The Objectives of the Shari'ah the theory offers a way to derive and apply new Islamic laws using an ancient methodology The theory identifies core objectives that underlie Islamic law and then looks at inherited Islamic laws to see whether they meet those objectives According to the maqasid theory historical Islamic laws that meet their objectives should be retained and those that do not no matter how entrenched in practice or embedded in texts should be discarded or reformed Recently several scholars have questioned the maqasid theory arguing that it is designed not to reform laws but to support existing power structures They warn that adopting the maqasid wholesale would set the reform project back ensuring that inherited Islamic laws are never fully reformed to agree with contemporary values like gender egalitarianism and universal human rights

Islamic Law in Malaysia Adnan Trakic,Hanifah Haydar Ali Tajuddin,2021-03-16 This book examines the challenges of the implementation of Islamic law in Malaysia Malaysia is a pertinent jurisdiction to explore such challenges given its global focus colonial history and institutions and the intersection of the Shari ah and secularism multiculturalism The resultant implementation challenges are underpinned by three factors that make Malaysia an important jurisdiction for those interested in understanding the place of Islamic law in the global context First Malaysia is often considered as a model Islamic country Islamic law is a source of law in Malaysia The Islamic law legal system in Malaysia

operates in parallel with a common law legal system. The two systems of law generally are in harmony with one another. Nevertheless, occasional cross-jurisdictional issues do arise, and when they do, the Malaysian judiciary has been quite efficient in solving them. The Malaysian experience in maintaining such harmony between the two legal systems provides lessons for a number of countries facing such challenges.

Second, Malaysia has a developed Shariah court system that interprets and applies Islamic law predominantly based on the Shafi'i school of thought. While for the most part the approach has been successful, there have been times when the implementation of the law has raised concerns as to the compatibility of Islamic law with modern principles of human rights and common law-based values.

Third, there have been cases where Islamic law implementation in Malaysia has gained global attention due to the potential for wider international implications. To do justice to this complex area, the book calls on scholars and practitioners who have the necessary expertise in Islamic law and its implementation. As such, this book provides lessons and direction for other countries that operate a dual system of secular and Islamic laws.

Shariah Law Mohammad Hashim Kamali, 2017-07-06. Shariah law is a subject that is misunderstood and misrepresented by many in the West. More than simply a system of law, it is concerned with a set of values and rules that are essential to the understanding and practice of Islam. In this volume, Mohammad Hashim Kamali, a world-renowned expert on Shariah, adopts a question and answer format to provide a clear introduction to its most salient aspects. Extending from the sources of Shariah in the Qur'an, hadith, and the legal maxims of Islamic law to the discussion of issues such as freedom of religion, gender equality, and human rights, *Shariah Law: Questions and Answers* connects the theoretical aspects of the law with how it is applied in the world today. At once scholarly and accessible, it is sure to be a vital resource for students, teachers, and general readers, addressing as it does a range of contemporary concerns including jihad, democracy, the environment, genetic engineering, human cloning, euthanasia, and abortion.
