

Sungha's TIPS ON HOW TO ARRANGE A SONG

- 1** Find out the chords of the song.
 - 2** Put the melody line inside the chord progression.
 - 3** Put some original rhythm into the chord progression.
 - 4** Match the melody with the chord progression and the rhythm.
- Some other things you can do:
- Play the same thing in high notes to make the arrangement sound more interesting.
 - Learn different types of chords like major seventh, dominant seventh chords, etc.

Tuning tips:

For chords that you have to press the bass note on 6th or 5th, you can tune the open string to that note for easier playing.

For example, to play G chord and D chord easier, from standard tuning, tune down 6th open string from E to D, tune 5th open string from A to G.
