Your Top 50 English Questions Answered Hugh Dellar, Andrew Walkley, 2025-03-15 Every learner of English as a foreign language has questions about how English works and about the examples of English in use that they encounter in real life. Whether you are a student of English or a teacher of English finding clear sensible answers to these questions can be a challenge. Drawing on decades of language teaching experience and studying examples of everyday language the way it is actually used, Hugh Dellar and Andrew Walkley have selected the 50 most frequently asked questions about English from their popular interactive Facebook group English Questions Answered. If you've ever asked questions like these: What's the difference between I like to dance and I like dancing? Should it be I study at school or I study in school? What's the difference between large and big? Is it true that we can't use the present perfect continuous in the negative then this book is for you. You'll find more than answers to the questions you'll get a discussion of why the issue matters if it does and how to apply your new understanding of the structures in question to similar topics. Each lesson concludes with a summary called What I'd Tell My Students which offers a succinct answer to the question if it comes up in class exactly the way Hugh and Andrew would answer it.

Plurilingualism María Pilar Díez Martínez, Rebecca Place, 2012-12-31 The 2012 TESOL SPAIN Convention held at the University of Deusto produced a number of relevant papers and presentations compiled in this book. The different papers deal with issues of concern for those teaching both English and in English and show the progress made in this field to date. The authors are both national and international and their works tackle aspects such as motivation, new methodologies, new testing procedures and so forth.

Innovations Hugh Dellar, Andrew Walkley, 2005-05 Teacher's Book includes step by step teaching notes as well as explanations of cultural and linguistic items presented in the coursebook.

Grammar Nonsense and What To Do about It Hugh Dellar,Andrew Walkley, Do you hate teaching some aspects of grammar Do you ever feel frustrated that your students just don t get it Well in Grammar Nonsense Andrew Walkley and Hugh Dellar argue that you shouldn t really blame yourself The fault lies largely with the way grammar rules and methods have been passed down through training and published material and become established as the way of doing things a straightjacket that we need to escape from Through an entertaining series of rants and meditations on all things grammatical from the use of the word grammar to the horror of teaching verb patterns they aim to pull apart rules which we give without thinking and to question approaches to practice that are seen as a must Along the way you ll not only learn how published materials get written and about ideas such as the transformation fallacy and grammar olives but you ll also get plenty of practical suggestions as to what to do about all this nonsense **Innovations** Hugh Dellar,Andrew Walkley,Richard Moore,Morgan Lewis,2006 Innovations Hugh Dellar,Andrew Walkley,Richard Moore,Morgan Lewis,2004 *Innovations Elementary* Hugh Dellar,Andrew Walkley,2005 Innovations is a new 5 level general English course that is built upon the kinds of natural language that people use in everyday life It is the only series that helps learners take part in everyday conversations Online Teacher Training available
