An Introduction to International Relations Richard Devetak, Anthony Burke, Jim George, 2011-10-17 Invaluable to students and those approaching the subject for the first time An Introduction to International Relations Second Edition provides a comprehensive and stimulating introduction to international relations its traditions and its changing nature in an era of globalisation Thoroughly revised and updated it features chapters written by a range of experts from around the world It presents a global perspective on the theories history developments and debates that shape this dynamic discipline and contemporary world politics Now in full colour and accompanied by a password protected companion website featuring additional chapters and case studies this is the indispensable guide to the study of international relations

Introduction to Global Studies John McCormick, 2025-03-06 Building on the strengths of the previous edition this well established textbook gives students a broad and inclusive overview of the important issues and events of our rapidly changing world Delving into key debates and topics in global studies ranging from migration and trade to the global climate emergency and health and disease this new edition covers the latest developments in global issues supporting students with an intriguing review of the

world as it is today With popular learning features such as comparisons of the Global and Local and the Global North and South as well as Contemporary Debates boxes this text equips students with relevant examples and wide ranging perspectives for addressing central themes in global studies Ideal for students on introductory global studies and globalization courses this third edition offers A brand new chapter on food and agriculture Chapters have been expanded to allow for more case studies and increased coverage of the themes of globalization inequality and development Figures and tables updated with the most recent data and new details on the UN s Sustainable Development Goals A comprehensive companion website offering an array of resources for both students and lecturers including a testbank illustrated lecturer slides interactive quizzes and an online media library

Introduction to International Relations Richard W. Mansbach, Kirsten L. Taylor, 2007-09-12 This textbook introduces students to the key changes in current global politics in order to help them make sense of major trends that are shaping our world The emphasis on change in global politics helps students to recognize that genuinely new developments require citizens to change their beliefs and that new problems may appear even as old ones disappear It is designed to encourage students to think ahead in new open minded ways even as they come to understand the historical roots of the present Key features explains global politics using an historical approach assesses several types of theory so that students become aware of what theory is and why it is necessary for understanding global politics presents key aspects of global politics including the development of the nation state power international law war foreign policy security terrorism international organization international political economy the global south the environment and globalization extensive pedagogy to reinforce learning student activities visual materials definitions of key terms and names learning boxes cultural materials key documents annotated bibliography and website addresses support website with lecturers materials datasets and updates Introduction to Global Politics will be essential reading for students of political science global politics and international relations

Introduction to International Relations Joyce P. Kaufman, 2022-02-23 This clear and concise text introduces four key theoretical frameworks that form the foundation of international relations realism liberalism constructivism and feminist theory and uses levels of analysis as the primary unifying force to explain contemporary global politics Cases on climate change gender peace and security migration and the rise of China illustrate Kaufman s approach The third edition explains core issues in international relations such as the interaction of nations in a globalized world the growing threat posed by non state actors and civil conflicts and the need for countries to work together to counter what have been called existential crises such as climate change which threaten human lives and the planet Significant revisions focus on discussion of democratic backsliding the Covid 19 pandemic cyberterrorism and cyberwar changes to the European Union and expanded coverage of international political economy

Advanced Introduction to International Relations Benjamin de Carvalho, Halvard Leira, 2025-05-14 This insightful Advanced Introduction presents a succinct overview of International Relations challenging assumptions addressing

contemporary issues and critically examining fundamental aspects of the field

Introduction to International Relations Robert H. Jackson, Georg Sørensen, 2007 This edition provides a systematic introduction to the principle theories in international relations It focuses on the main theoretical traditions realism liberalism international society and theories of international political economy It also includes two chapters on social constructivism and foreign policy

Introduction to International Relations Joseph Grieco, G. John Ikenberry, Michael Mastanduno, 2014-11-23 Written by three leading scholars in the field of International Relations this textbook provides an authoritative introduction to the discipline including coverage of security studies international political economy international organizations and non state actors A comprehensive history chapter also helps students to appreciate the key developments that created today s political landscape The book frames each chapter around an enduring question long standing dilemmas that have engaged generations of IR scholars and students such as why do wars occur and how can economic benefits be shared more equally demonstrating the continuing relevance of these issues and ideas A collection of innovative learning tools equips students with the skills they need for sound analysis of today s headlines The textbook is ideal for undergraduate and master degree students who are taking introductory courses on International Relations Global Politics and World Politics

Introduction to International Studies Maurits Berger, 2025-09 International Studies aims to understand the global complexities of the world in which we live today Central in these complexities is the position of the human individual who is both an actor and reactor in global events This textbook introduces three I s interests identities ideas that provide a framework to understand human behaviour in today s world The role of people is further elaborated in the three spatial dimensions of the local regional and global level This gives International Studies the character of a 3 D chessboard with human players Unique in this textbook is the framework of global scopes used for analysis of the global complexities global structures such as economics belief systems states intergovernmental organizations global trends such as nationalism power changes secularization identity and global challenges such as sustainable development climate change pandemics unwanted migration This textbook approaches International Studies as a field of study that enables students to navigate the framework of the three I s the three spatial dimensions and the three global scopes The International Studies student will acquire a broad overview of the various fields and disciplines and as a consequence the ability to move across traditional academic boundaries

Introduction to International Relations Atsushi Tago, 2025-06-29 This textbook provides a comprehensive introduction for individuals who are new to the discipline of International Relations or World Politics It features three distinctive elements First it posits that understanding the international political economy is essential before delving into analyses of war and security emphasizing that economic interdependence arising from international cooperation is a central theme in international relations Second the textbook recognizes that strategic interaction where the decisions of one entity and future outcomes depend on the choices of another is a core component of international relations It also utilizes four key concepts in its exploration of the

field Us and Others Disparity and Dissatisfaction Trust and Distrust and Legitimacy and Illegitimacy Lastly the textbook is attuned to the methodologies of the Social Sciences including descriptive causal and deductive inferences and it stands out for its commitment to fostering methodological awareness *World Politics* Brian Hocking, Michael Smith, 1990 This is a textbook which sets out a framework for the consideration of international relations in the 1990s and applies this framework to a number of case studies Within a general focus on the forces of continuity and change in the world arena it identifies four central elements in the analysis of contemporary world politics the international arena the international agenda policy processes and power and order justice and change These elements are explored in a number of chapters which identify the salient analytical issues and assess the ways in which enquiry can be pursued **Introduction to International Studies (First Edition)** Mei Zhong, Stuart Henry, 2017-12-31
