Stalin's Agent Boris Volodarsky, 2014-12-11 This is the history of an unprecedented deception operation the biggest KGB deception of all time It has never been told in full until now There are almost certainly people who would like it never to be told It is the story of General Alexander Orlov Stalin's most loyal and trusted henchman during the Spanish Civil War Orlov was also the Soviet handler controlling Kim Philby the British spy defector and member of the notorious Cambridge Five Escaping Stalin's purges Orlov fled to America in the late 1930s and lived underground He only dared reveal his identity to the world after Stalin's death in his 1953 best seller The Secret History of Stalin's Crimes after which he became perhaps the best known of all Soviet defectors much written about highly praised and commemorated by the US Congress on his death in 1973 But there is a twist in the Orlov story beyond the dreams of even the most ingenious spy novelist General Alexander Orlov never actually existed The man known as Orlov was in fact born Leiba Feldbin And while he was a loyal servant of Stalin and the controller of Philby he was never a General in the KGB never truly defected to the West after his flight from the USSR and remained a loyal Soviet agent until his death The Orlov story as it has been accepted until now was largely the invention of the KGB and one perpetuated long after the end of the Cold War In this meticulous new biography Boris Volodarsky himself a former Soviet intelligence officer now tells the true story behind Orlov for the first time An intriguing tale of Russian espionage and deception stretching from the time of Lenin to the Putin era it is a story that many people in the world's intelligence agencies would almost definitely prefer you not to know about

Bibliography of the Communist International (1919-1979) Vilem Kahan, 2023-08-14 Until now the Communist movement has been studied more from the national perspective than the international This scholarly tradition seems to be at odds with the organisational interconnection even subjugation of the national communist parties sections to the Communist International or Comintern 1919-1943 but it is understandable from the point of view of the historian who has only national sources at his disposal newspapers brochures interviews Nowadays the tendency is for the international component of the Communist movement to participate in research The archives of the Comintern are gradually being released by the Soviet Union and an enormous number of official publications is emerging and being made available in libraries by reprints Here Vilem Kahan's bibliography is an indispensable tool in listing nearly all reference works and publications by and on the Comintern and in giving a list of aliases of speakers on Comintern meetings and an overview of all

agendas of the meetings These lists are based on research in 14 specialised Western libraries and on the knowledge of a dozen European languages The second volume will deal with the front organisations a third and last volume with the national sections
