Goodman,Rachel Kerr,Matthew Moran,2024-02-12 Commemorating 60 years of War Studies at King s College London this incisive and adroitly crafted book acts as a comprehensive introduction to the multidisciplinary field of war conflict and security Adopting a global approach it adeptly navigates a broad spectrum of themes and theoretical perspectives which lie at the heart of this important area of study

**Changing Dynamics of National Security** Dr. Hemant Kumar Pandey,Akhilesh Dwivedi,Aman Bora,2021-12-31 The contemporary geopolitical affairs anywhere around the globe directly influence the national security of a state Growing conventional as well as non conventional threats are influencing the policies of the nation both at the national and international levels The book throws light on how the different dimensions of national security are constantly changing in this globalized and modernized world This book focuses on how the 21st century is witnessing the new unconventional menaces like Cyber terrorism Proxy wars Elite capture etc the book also discusses how new threats for Indian interests have emerged in and across physical borders and how these threats are going to be countered

[Security Dynamics in the South China Sea](#) Howard M Hensel,2024-05-16 This volume examines the South China Sea s regional security dynamics highlighting the challenges and opportunities for both littoral and non littoral states The South China Sea is a vital pathway for the great container ships and tankers as well as for the naval vessels of today Indeed the security of the contemporary global economy is reliant more than ever upon the dependability of freedom of navigation through the waters of the South China Sea This volume concentrates on the security of the South China Sea sub region It is designed to help illuminate the contemporary security dynamics within this important sub region by highlighting its development the contemporary challenges and opportunities confronting both the littoral states and the non littoral powers that are active in the sub region and the policy responses of those states as they seek to defend and promote their national interests This book is composed of 16 chapters and is organized into five thematic sections Part I of the book is designed to set the historical context Part II examines some of the contemporary challenges and opportunities that present themselves in the sub region while Part III focuses on Chinese policy in the South China Sea sub region Parts IV and Part V analyse and evaluate the contemporary policies of the various littoral and non littoral powers that are active in the South China Sea sub region The collective analyses and assessments of the contemporary perceptions and policies of the various littoral and non littoral powers active in the South China Sea in response to the traditional and non traditional challenges within the sub region that are examined in the chapters contained in Parts III IV and V framed against the material presented in Parts I and II provides the basis for observations concerning areas of conflicting and coinciding interests in the concluding chapter of the book This book will be of interest to students of the South China Sea maritime security Asian politics and international relations

**Defence Planning and Uncertainty** Stephan Frühling,2014-04-24 How can countries decide what kind of military forces they need if threats are uncertain and

history is full of strategic surprises This is a question that is more pertinent than ever as countries across the Asia Pacific are faced with the military and economic rise of China Uncertainty is inherent in defence planning but different types of uncertainty mean that countries need to approach decisions about military force structure in different ways This book examines four different basic frameworks for defence planning and demonstrates how states can make decisions coherently about the structure and posture of their defence forces despite strategic uncertainty It draws on case studies from the United States Australian and New Zealand each of which developed key concepts for their particular circumstances and risk perception in Asia Success as well as failure in developing coherent defence planning frameworks holds lessons for the United States and other countries as they consider how best to structure their military forces for the uncertain challenges of the future

**The Students' Guide to Graduate Studies in the UK.** ,1989 Israeli National Intelligence Culture Itai Shapira,2024-09-30 The book offers a novel conceptualization of Israeli national intelligence culture describing the way in which Israelis perceive and practice intelligence Different nations have different national intelligence cultures relying on different ideas of intelligence perceiving and practicing intelligence in different ways Written by a former senior intelligence officer this book is the first study dedicated to Israeli intelligence culture and the way it reflects Israeli strategic culture Relying on more than 30 elite interviews with acting and former Israeli practitioners the book highlights the Israeli aversion to intelligence theory and scientific methods as well as to the structured management of the intelligence system at the national level It describes the intelligence system s emphasis on contrarian thinking and moral courage as the foundations of intelligence professionalism and the growing inclination of Israeli intelligence toward action and influence Intelligence is perceived and practiced by Israelis as a tool for problem solving addressing unique Israeli challenges While some traits of the Israeli national intelligence culture have contributed to its high reputation and its success story others might have also contributed to its failure in anticipating the Hamas terrorist attack on October 2023 or have remained aspirational norms rather than realized practice The October 2023 failure as that of the Yom Kippur War in 1973 will undoubtedly influence Israeli national intelligence culture for many years to come This book will be of much interest to students of intelligence studies Israeli politics strategic studies and international relations

**Graduate Studies** ,1992 War Or Peace in the South China Sea? Timo Kivimäki,2002 Not only is the South China Sea of strategic importance but it is also rich in oil and other natural resources As such it is the subject of overlapping territorial disputes between several East and Southeast Asian countries as well as the scene of military tensions and potentially dangerous conflicts But disputes over the South China Sea are much more complex than simply issues of military security Environmental values economic security and political developments are also involved Spanning the full complexity of the situation this volume Covers its historical and legal background Analyses its environmental economic military and political dimensions Assesses the potential for containing and resolving disputes as well as transforming the structures of conflict in the region

**Arms Control and Disarmament,**

**Defense and Military, International Security, and Peace** Stephen E. Atkins,1989 *Australia's Defence Strategy* Adam Lockyer,2017-01-30 How would we know a good defence strategy if we saw one The Asian Century is challenging many of the traditional assumptions at the heart of Australian defence policy and strategy Defence scholars have risen to the challenge of these transformational times and have collectively produced a smorgasbord of alternatives for policy makers The problem is that these recommendations all point in very different directions How should we evaluate these options Adam Lockyer tackles this question and develops a novel conceptual framework for evaluating defence strategies By doing so this book breaks new theoretical ground and makes an important contribution to our understanding of strategy in general and defence strategy in particular Lockyer then applies this analytical tool to the leading arguments in Australia s defence debate and finds that there is still substantial work to be done Lockyer concludes by proposing a new Australian defence strategy for a contested Asia that would pass the test for a good defence strategy The result is essential reading for anyone interested in strategy or the future of Australian defence policy

**NDA Yearbook** ,2005 *Handbook of International Humanitarian Law in South Asia* Venkateshwara Subramaniam Mani,2007 International Humanitarian Law is primarily concerned with the protection of the victims of violence resulting from the outbreak of hostilities and comes into operation at the time of such outbreaks Its normative development in the last 150 years has been very significant This volume represents the first sustained academic attempt to study these situations the implementation of international humanitarian law in South Asia
