Love Money, Money Loves You Sarah McCrum, 2022-04-19 A few weeks after the failure of her business in London Sarah was asked a question in a book she was reading What does money want to say to you She started writing a response and found words coming out of her pen that weren't her own They started with I would like to tell you to love me She was deeply touched and intrigued to explore more about the source of this message She went on to write in the same way every day for 3 months and ended up with a collection of surprising funny and inspiring advice apparently from the energy of money itself Those writings turned into this book It takes you into the heart of the world of money but not into financial systems as they exist on this planet Rather it gives you an insight into how the money energy operates behind our physical world It shows you what happens when you make any financial request and explains why so many people struggle with lack of money It gives clear simple guidelines on how to transform your relationship with money so you can be aligned with the way it works naturally including two blueprints for making money in today's world It's funny at times very uplifting and enlightening in surprising ways offering a view of money unlike anything we've seen elsewhere Perhaps the most radical discovery in these writings is the sense that money is not a neutral energy that we can make good or bad decisions about It is a truly benign loving energy that is always available for us This challenges many of our preconceived notions about money and invites us into a profoundly different relationship with it
