*Transforming Spirit Bodies* Sinah Theres Kloß, Lena Muders,Taynã Tagliati,2025-03-17 Transforming Spirit Bodies is an edited volume that focuses on the bodies and embodiments of spirits their im materialities and their bodily transformations The anthropological sociological and archaeological contributions draw attention to the embodied experiences of asymmetrical dependencies among humans and spirits and how experiences of inter dependence are negotiated in their interactions Suggesting that more than human entities significantly contribute to agency in social interactions and power negotiations the volume further highlights the ambivalent yet undeniable relationship between spirits and materiality During the processes of materialization and dematerialization in which spirit bodies transform and are transformed more than human entities may share substances and

agency with humans Not only having material but also social dimensions these dynamics are influenced by relations of power and dependency Following posthumanist approaches this volume therefore challenges the anthropocentric views that continue to dominate scholarly analysis of power relations dependency and coercion *Heavy Metal Presents Theodore Sturgeon's More Than Human* Theodore Sturgeon, Doug Moench, 1978 **Psience Fiction** Damien Broderick, 2018-05-12 Science fiction has often been considered the literature of futuristic technology fantastic warfare among the stars or ruinous apocalypses on Earth The last century however saw through John W Campbell the introduction of psience fiction which explores such themes of mental powers as telepathy precognition of the future teleportation etc and symbolic machines that react to such forces The author surveys this long ignored literary shift through a series of influential novels and short stories published between the 1930s and the present This discussion is framed by the sudden surge of interest in parapsychology and its absorption not only into the SF genre but also into the real world through military experiments such as the Star Gate Program **Heritage Americana Grand Format Auction Catalog #629** Ivy Press, 2006-09 **Dragon Head Omnibus 2** Minetaro Mochizuki, 2026-03-24 Teru and Ako finally escape the tunnel but the mystery of whatever caused their horrible train crash only deepens when they find nothing but ruins abandoned buildings and unending gloom above ground Soon however they see suspiciously human like shadows slinking about and chase after them in a last ditch effort to find someone anyone else alive But even friendly faces conceal their own darkness and sometimes the people we implicitly trust can turn out to be the most dangerous of all **The Ballantine Teachers' Guide to Science Fiction** L.
