**Philosophy, Freedom, Language, and their Others** Elias Kifon Bongmba,Robert Manzinger,2023-07-27 Kantian and Hegelian conceptions of freedom guide this collection of essays that engage with the linguistic turn in continental philosophy to explore contemporary interpretations of freedom Using a broad approach to the tradition of German Idealism this volume considers its modern recasting of philosophy as a rigorous thinking practice with profound implications for individual and communal praxis and wellbeing Philosophy Freedom Language and its Others further cultivates and demonstrates the freedom to think and engage philosophy in a critical dialogue with other fields of inquiry This method is exemplified in the philosophy and teaching of Professor Jere P Surber whom this book honors by using his

interdisciplinary method as a springboard for new understandings of freedom in contemporary life Expert scholars working in the philosophy of language continental philosophy of religion ancient philosophy critical theory and ethics engage seminal thinkers on freedom including Plato Kant Hegel Kierkegaard and Debord to provide a diverse range of perspectives on freedom In so doing they address the complex legacy of philosophical freedom across subjects from contemporary media and political patrimonial culture to literary imagination and the politics of Nelson Mandela

**A Critical Perspective: Nelson Mandela-Long Walk to Freedom** Nandkumar Shinde,2018-11-03 Nelson Mandela completed and published this autobiography at the age of 73 when he became President of South Africa He selected to narrate his own story which is defined as the stand point in the autobiographical discourse This stand point which Nelson Mandela chose was very crucial and vital because he wanted to personify his journey from rags to riches from literally nothing to becoming everything He wanted to write his autobiography when he fulfilled the aim of his life He could see the life backward from the highest point of his life As an autobiographer Nelson Mandela became iconic figure in public life He felt to share his life story because there was tremendous curiosity amongst all the readers around the world about his experiences and sacrifices The very act of writing a life down constitutes an attempt on the part of the writer to justify one s life The every act of autobiography is the judgment of the writer to feel that life is worth being written down Onley 1972 57 According to Marcus the critic on this genre adds autobiography thus should rather belong to the people of lofty reputation or people who have something of historical importance to say Marcus 1984 31 32 Nelson Mandela in his acknowledgement clearly says that I began writing it autobiography clandestinely in 1974 during my imprisonment on Robben Island Apparently Mahatma Gandhi finished his autobiography in his imprisonment time Solitude seems a necessary requirement for political personalities to write as writing needs time and concentration Want of time is the main constraint in the life of political figures Another similar example is the case of Martin Luther King Jr He attempted to write his autobiography Stride towards freedom but could not complete it in his short span of life simply because of want of time Martin Luther King Jr s wife completed the dream of her husband by compiling his autobiography Nelson Mandela admits since my release my schedule has been crowded with numerous duties and responsibilities which have left me little free time for writing acknowledgement
