When Children

Die Institute of Medicine,Board on Health Sciences Policy,Committee on Palliative and End-of-Life Care for Children and Their Families,2003-02-09 The death of a child is a special sorrow No matter the circumstances a child s death is a life altering experience Except for the child who dies suddenly and without forewarning physicians nurses and other medical personnel usually play a central role in the lives of children who die and their families At best these professionals will exemplify medicine with a heart At worst families encounters with the health care system will leave them with enduring painful memories anger and regrets *When Children Die* examines what we know about the needs of these children and their

families the extent to which such needs are and are not being met and what can be done to provide more competent compassionate and consistent care The book offers recommendations for involving child patients in treatment decisions communicating with parents strengthening the organization and delivery of services developing support programs for bereaved families improving public and private insurance training health professionals and more It argues that taking these steps will improve the care of children who survive as well as those who do not and will likewise help all families who suffer with their seriously ill or injured child Featuring illustrative case histories the book discusses patterns of childhood death and explores the basic elements of physical emotional spiritual and practical care for children and families experiencing a child s life threatening illness or injury

Subject Guide to Books in Print ,2001 *MGMA Connexion* ,2001 **Medical and Health Information Directory** Gale Group,2002-12 *AALL Directory and Handbook* American Association of Law Libraries,2003 **Principles of Healthcare Reimbursement, Seventh Edition** Anne Casto,2020-03-31
