Metabolomics and Ethnopharmacology in the Development of Herbal and Traditional Medicine Sayeed Ahmad, Chandra Kant Katiyar, Pulok Kumar Mukherjee, Gudrun S. Ulrich-Merzenich, 2022-04-25 *Understanding Attractive Work in a Globalized World* Urmi Nanda Biswas, Karin Allard, Anders Pousette, Annika Härenstam, 2017-11-27 This book discusses organizational values and their implications for perceived attractiveness and effectiveness of the workplace through cross cultural research in India and Sweden The authors provide information on how organizational values are

conceptualized presented and perceived by manager level employees through cases from manufacturing information technology IT healthcare and education sectors in a developing and fast growing economy like India versus a developed and stabilized economy like Sweden Comparative results from these two very different countries provide knowledge that can be applied to make the workplace attractive in the context of globalized business processes The authors present corporate social responsibility CSR and equal opportunities for men and women in the organization EO as important values in making the workplace attractive where attractiveness is conceived in terms of organizational commitment and employees intention to leave The two selected values are particularly important as India is the first country in the world to come up with a mandatory CSR law whereas Sweden has a long history of CSR and EO The book demonstrates how work organizations in both countries are promoting these values to meet the challenges of attraction and retention of employees The findings in this book are based on data gathered from various sources and sample groups in India and Sweden The book generates insight and valuable information for researchers of organizational psychology human resource management cross cultural management as well as for work managers and HR professionals

PRINCIPLES AND PRACTICES OF MANAGEMENT (With CD) Dr. Kiran Nerkar, Dr. Vilas Chopde, 2011-09-01

Principles And Practice Of Management Ms. Jagriti Gupta, Dr. Shalini Chaturvedi, Dr. Rajjan Prasad, Dr. N. Ananthi, 2022-11-08 Managing entails taking responsibility for and arranging activities and personnel The best managers think about how their decisions will affect the company as a whole from upper management to staff to clients Effective management is all about catering to the specific needs of each staff member so that they may reach their full potential Managers that take the time to get to know their staff members on a personal level may do a lot to boost morale and career advancement inside the firm which in turn benefits the business as a whole A manager's job is to ensure that their staff has all they need to not only do their jobs effectively but to go above and beyond Managers are held accountable in this book for ensuring that their staff receives proper onboarding direction and continued training and development over the course of their employment But rather than following a standard growth plan this training should be tailored to each employee's specific needs Effective management requires the ability to tailor one's instruction to the unique learning styles of each employee Some workers for instance benefit most from hearing instructions laid out verbally while others learn best from reading them Some people are slow learners and require more time to become proficient at a task

Principles of

Management Rajesh Kumar R,2020-01-01 Management in all business and human organization activity is simply the act of getting people together to accomplish desired goals Management comprises planning organizing staffing leading or directing and controlling an organization or effort for the purpose of accomplishing a goal The Principles of Management are the essential underlying factors that form the foundations of successful management Essentials of management make the connection between theory and concepts to actual practice by showing how managers and organizations effectively apply the basic principles of management

PRINCIPLES OF MANAGEMENT GUPTA, MEENAKSHI,2009-01-29 Modern businesses are placed in a complex and intricate environment The constraints imposed and the opportunities provided by the nature of the economic political legal social and demographic factors have a profound impact on the business Management is a process by which managers continuously reinvent themselves to meet the organizational goals and global competition A good manager must also possess a sound understanding of human behaviour to develop the most important managerial skill of empathy This book is a first level introduction to the field of management enabling students to understand what managers do what skills are needed by managers what their basic functions are and in a nutshell what management is all about The book elaborately describes the five functions of a manager Planning Organizing Human Resource Management Leading and Directing and Control The chapter end exercises and practice quizzes encourage the student to rehearse the various concepts learnt throughout the text The book is useful for students pursuing courses in Business Management both at the undergraduate and postgraduate levels It is also a useful text for undergraduate students pursuing courses in engineering disciplines and other professional courses where Principles of Management is part of the curriculum A distinguishing feature of this text is that there is a visible bias of author s training in Psychology
