Child Language Teaching And Therapy Researchgate

Paul Fletcher,Ciara O'Toole

Child Language Teaching And Therapy Researchgate:

Closing the Educational Achievement Gap for Students With Learning Disabilities Nyemba, Florence, Chitiyo, Rufaro Audrey, 2023-10-04 Recently there has been a growing demand for diversity and inclusion in schools worldwide to ensure effective learning for every student Efforts have been made to support teachers in promoting diversity in classrooms but research shows that students with learning disabilities LD including autism spectrum disorder neurodevelopmental disabilities dyslexia and executive dysfunction still struggle to keep up despite having individualized education programs IEPs These students are not receiving the necessary support they need to learn effectively in the classroom leaving them behind and often completely unprepared for their futures When intersectional statistics are taken into account students who have a learning disability and are among minority ethnic groups have even lower rates of earning a diploma than their counterparts Changes in the educational system must be made to close this learning chasm and create a more equitable learning environment Closing the Educational Achievement Gap for Students With Learning Disabilities increases awareness of the issue of inequalities in education for students with learning disabilities through improved training programs for teachers recommendations for policy changes and development of new strategies to close the gap between these students and their classmates The goal of this book is to educate and empower educators researchers and policymakers on how they can help students with learning disabilities thrive academically and emotionally It examines the barriers that prevent teachers from effectively providing instruction to these students This book covers topics such as achievement gaps student centered approaches and culturally responsive teaching and is ideal for educators professionals researchers special education professionals speech and occupational therapists disability service providers intervention strategists psychologists parents and local communities

Equitable and Inclusive School Education Bharti Kaushik, 2024-12-31 This book highlights the strategies and approaches to the practice of equitable and inclusive school education elaborating the role of various stakeholders such as teachers special educators parents peers teacher educators educational administrators and Ed tech firms The aim of this book is to create an understanding of equitable and inclusive school education which is not restricted to children with disabilities but also includes children with different learning needs as well as those from socially and economically disadvantaged sections of society The focus is on presenting practical strategies that are grounded in theory and supported with research The significance of screening at the classroom level development of need based accessible learning teaching materials customizing the pedagogy practices for inclusive classrooms need based examination accommodations leveraging the potential of Information and Communication Technology ICT to elicit the participation of all and collaborative efforts toward realizing the optimum potential of each learner are a few basic ideas illustrated in the book with examples The volume also discusses recent national and international policies for equitable and inclusive education recommending courses of action for effective implementation of the existing provisions by teachers and educators The book

will be useful to students researchers teacher educators special educators special education teacher educators pre service teachers and parents It will also be an invaluable companion to in service teachers policymakers and educational administrators curriculum developers and NGOs working in the field of inclusive education

Education And Awareness Of Sustainability - Proceedings Of The 3rd Eurasian Conference On Educational Innovation 2020 (Ecei 2020)

Charles Tijus,Teen-hang Meen,Chun-yen Chang,2020-11-17 This volume represents the proceedings of the 3rd Eurasian Conference on Educational Innovation 2020 ECEI 2020 This conference is organized by the International Institute of Knowledge Innovation and Invention IIKII and was held on February 5 7 2020 in Hanoi Vietnam ECEI 2020 provides a unified communication platform for researchers in a range of topics in education innovation and other related fields This proceedings volume enables interdisciplinary collaboration of science and engineering technologists It is a fine starting point for establishing an international network in the academic and industrial fields

Drawing in Health and Wellbeing

Philippa Lyon,Curie Scott,2025-05-15 Drawing has an established history within medicine for learning recording investigating and discovery Bringing together diverse drawing approaches in the form of research and practical projects this book demonstrates how drawing has extended beyond the realm of medicine with relevance and value for a wide spectrum of health and wellbeing settings Drawing has significant benefits for health yet it is only recently that drawing for health and wellbeing has become a focus for formal research investigation and development Chapters critically examine how drawing helps us convey and understand complex illness experiences supporting a deeper more holistic form of communication between patient and professional The authors also explore drawing as a popular mindful and meditative activity Underlying all the chapters is the principle that manual drawing such as sketching diagrams cartoons and many other forms of mark making has important qualities in enabling people to learn investigate explain and express as well as alleviate suffering With renewed global interest in improving our health this timely volume brings together prominent research in the field and highlights an array of drawing approaches to promote wellbeing

Applying Dynamic Assessment in Schools

Dr Fraser Lauchlan,Clare Daly,2023-05-18 Dynamic assessment is a collaborative flexible approach to assessment which explores how a child learns and which aspects of their learning require intervention Learn how you can improve learning with a whole school approach to dynamic assessment complete with classroom ideas resources and strategies The authors who frequently train in DA provide simple explanations of the contemporary model of dynamic assessment that make the links between theory and practice explicit Each chapter has designated downloadable resources such as rating scales of affective and cognitive learning checklists goal ladders and more with easy to follow instructions on how they should be used This book will support you to understand DA principles and actively demonstrate mediated learning for meaningful interventions consultations clear support strategies and effective feedback and feedforward skills to not only help students learn but to help them learn better

Autism Dominic Bucciarelli Kasony MS Ph.D. Licensed-Certified Psychologist,2021-12-01 Autism A Practical Guide for

Parents was written from the perspective of a father of children now adults with disabilities and who is also a licensed and certified psychologist and counselor When parents are faced with serious medical problems in their children they become very gullible to exaggerated claims of cure and unethical providers The book contains substantial information about behavioral interventions to help mediate the behavioral concerns for children with autism including an extensive reading list to help supplement the parents working knowledge and interventions Also a section is dedicated to various and at times erroneous interventions including chelation transcranial magnetic therapy light therapy and others A research section is included to emphasize the importance of psychometric testing and review for the development of reliable and valid testing assessment vehicles A psychological approach to the understanding of autism begins with a specific perspective of this challenge First of all children are children including those children with autism Second you need to be educated about a broad spectrum of autism symptoms including behavioral medical speech and language and physical Also you need to join with a behavioral health team including a psychologist behavioral specialist therapeutic staff support and or mobile therapist through your local managed care organization Remember you can help make positive behavioral and emotional health changes in your child to help him her achieve a happy healthy and productive life I have organized this book to be an easy read for parents and professionals I m sure you wouldn t want to read about the abstract details of existential phenomenology but would rather let me help you understand the details of autistic behavior from the viewpoint of a psychologist and father I hope I have succeeded in this task

Child Language Teaching and Therapy ,1994 **Child Language Teaching and Therapy** ,2002 *Language Development and Language Impairment* Paul Fletcher,Ciara O'Toole,2015-10-12 *Language Development and Language Impairment* offers a problem based introduction to the assessment and treatment of a wide variety of childhood language developmental disorders Focuses for the most part on the pre school years the period during which the foundations for language development are laid Uses a problem based approach designed to motivate students to find the information they need to identify and explore learning issues that a particular speech or language issue raises Examines the development of a child s phonological system the growth of vocabulary the development of grammar and issues related to conversational and narrative competence Integrates information on typical and atypical language development *Working with Children's Language* Diana Williams,2021-09-28 This second edition has been created to support practitioners who work with young children with delayed language acquisition Each chapter offers an overview of research relating to the specific language skill before introducing targeted games and activities that can help support the development of those skills *Working with Children's Language* Jackie Cooke,Diana Williams,1985 **Speech and Language Therapy with the Brain-damaged Child** Catholic University of America. Workshop on Speech and Language Therapy with the Brain-Damaged Child, 1961,1962 **Language for Thinking** Stephen Parsons,Anna Branagan,2005 While most children develop verbal reasoning skills with relative ease others find it more challenging Verbal

reasoning is particularly difficult for children who are recognised as having delayed language skills specific language impairment Autistic Spectrum Disorder including Asperger s Syndrome pragmatic language impairment or moderate learning difficulties Children with less obvious oral language difficulties may begin to struggle when they start to read This photocopiable resource provides a clear structure to assist teachers SENCOs learning support assistants and speech language therapists in developing children s language from the concrete to the abstract It is based on fifty picture and verbal scenarios that can be used flexibly with a wide range of ages and abilities Quick practical and easy to use in the classroom this programme can be used with individual children in small groups or can form the basis of a literacy lesson or speech language therapy session Question sheets are carefully structured to promote children s development of inference verbal reasoning and thinking skills The three parallel assessments of spoken and written language can be used to assess each child s starting level and then to monitor progress score forms and worksheets for each lesson are included

Working With

Children's Language Jackie Cooke,Diana Williams,1987
