Essentials Of Corporate Finance 8th Edition:

Foundations of Airline Finance Bijan Vasigh, Zane C. Rowe, 2019-07-02 There are few industries that have had a more profound impact on business and society over the last century than aviation. This book is an accessible up-to-date introduction to the current state of the aviation industry which provides readers with the tools necessary to understand the volatile and often complicated nature of airline finance. Understanding finance is critical in any industry; however, the financial track record of the airline industry places even more importance on effective financial management. *Foundations of Airline Finance* provides an introduction to the basics of finance including time value of money, the valuation of assets and revenue management, and the particular intricacies of airline finance where there can be wild fluctuations in both revenues and costs. The third edition of this text has been extensively updated to reflect the many changes in the air transport industry that have taken place since the publication of the second edition and features an expanded chapter on aircraft leasing and many new international case examples. This thorough introduction to aviation finance is valuable reading as a general introductory financial text or as reading in specialized airline finance classes.

Subject Guide to Books in Print ,2001 **Essentials of Corporate Finance** Stephen A. Ross,Randolph W. Westerfield,Bradford D. Jordan,2023 We designed Essentials of Corporate Finance to be as flexible and modular as possible There are a total of nine parts and in broad terms the instructor is free to decide the particular sequence Further within each part the first chapter generally contains an overview and survey Thus when time is limited subsequent chapters can be omitted Finally the sections placed early in each chapter are generally the most important and later sections frequently can be omitted without loss of continuity For these reasons the instructor has great control over the topics covered the sequence in which they are covered and the depth of coverage
