and giving a brief description for each book **Romantic Postmodernism in American Fiction** Eberhard Alsen,1996

Intended for teachers and students of American Literature this book is the first comprehensive analysis of romantic

tendencies in postmodernist American fiction The book challenges the opinion expressed in the Columbia History of the

American Novel 1991 and propagated by many influential scholars that the mainstream of postmodernist fiction is represented by the disjunctive and nihilistic work of such writers as Kathy Acker Donald Barthelme and Robert Coover Professor Alsen disagrees He contends that this kind of fiction is not read and taught much outside an isolated but powerful circle in the academic community It is the two part thesis of Professor Alsen s book that the mainstream of postmodernist fiction consists of the widely read work of the Nobel Prize laureates Saul Bellow and Toni Morrison and other similar writers and that this mainstream fiction is essentially romantic To support his argument Professor Alsen analyzes representative novels by Saul Bellow J D Salinger Norman Mailer Flannery O Connor John Updike Kurt Vonnegut Philip Roth Thomas Pynchon Toni Morrison the later John Barth Alice Walker William Kennedy and Paul Auster Professor Alsen demonstrates that the traits which distinguish the fiction of the romantic postmodernists from the fiction of their disjunctive and nihilist colleagues include a vision of life that is a form of philosophical idealism an organic view of art modes of storytelling that are reminiscent of the nineteenth century romance and such themes as the nature of sin or evil the negative effects of technology on the soul and the quest for transcendence
