Multi-level Marketing Carl Donovan,2014-06-18 What if you could earn money based on the results of your work instead of the number of hours worked This means that the better you are at your work the faster you can finish it And the faster you can finish the more work you can take which means more money Don t you wish all jobs were like this It s unfortunate that most jobs are stuck in the old tradition where employees are paid by the hour You are not alone in wishing there was a job that offered autonomy instead of working from 9 to 5 Regardless of how productive you are in those hours you only get paid by the hours not the results Fortunately you don t have to get stuck in this kind of system Carl Donovan business owner and author of numerous books on business productivity talks about how multi level marketing can help you become an independent business owner through his new released book Multi level Marketing The Beginners Guide to Starting Out with Multi Level Marketing The harder you work the more you earn In multi level marketing you are in full control of how successful you want your business to be Because multi level marketing has produced so many successful people small businesses have taken advantage of the business model without building a strong foundation for its members Some end up feeling discouraged with multi level marketing and vow never to join a company again Donovan s Multi level Marketing will help you avoid just that In a sea of companies that promises to make you part of the successful few it can be a bit confusing which companies to join This book has all the valuable information you need to help you navigate the world of multi marketing In the book Donovan discussed the following points A list of the world s top 35 multi level marketing companies How to successfully implement the multi marketing model Myths about multi level marketing Mistakes to avoid in multi level marketing Multi level marketing tips for introverts How to grow a highly profitable business These are just a few of the many lessons you will learn from the book So what are you waiting for Don t get stuck getting paid by the hour but by the amount of work you do Earn as much as you wish to No other business strategy offers you this kind of freedom and income the way multi marketing does
