Representations of Children and Success in Asia Shih-Wen Sue Chen, Sin Wen Lau, 2022-09-28 This edited volume explores how success is conceptualized and represented in texts for young people in Asia. The essays in this collection examine how success for children relates to education, family, gender, race, class, community, and the nation. It answers the following questions: How is success for children represented in literature, cinema, and popular media? In what ways are these images grounded in the historical, political, and cultural contexts in which they are produced and consumed? How does childhood agency influence ideas about success in Asia? Highlighting the similarities and differences in how success is defined for children and young adults in Japan, South Korea, People's Republic of China, Singapore, Taiwan, Indonesia, Vietnam, and India, this volume argues that success is an important keyword in the literary and cultural study of childhood in Asia. The Cinematic Influence Peter C. Pugsley, Ben McCann, 2022-12-29 Exploring the multiple aesthetic and cultural links between French and Japanese cinema, *The Cinematic Influence* is packed with vivid examples and case studies of films by Akira Kurosawa, Jean-Luc Godard, Hirokazu Kore-eda, Claire Denis, Naomi Kawase, Michel Gondry, and many others. It illustrates the vast array of cinematic connections that mark a long history of mutual influence and reverence between filmmakers in France and Japan. The book provides new insights into the ways that national cinemas resist Hollywood to maintain and strengthen their own cultural practices and how these national cinemas perform the task of informing and enlightening other cultures about what it means to be French or Japanese. This book also deepens our understandings of film's role as a viable cultural and economic player in individual nations. Importantly, the reader will see that film operates as a form of cultural exchange between France and Japan, and more broadly, Europe and Asia. This is the first major book to investigate the crossover between these two diverse national cinemas by tracking their history of shared narrative and stylistic techniques.
