Inverting The Pyramid Jonathan Wilson,2013-11-05 The first North American edition of the book regarded by many as the best book ever on soccer tactics **Inverting the Pyramid** Jonathan Wilson,2013-08-15 In INVERTING THE PYRAMID

Jonathan Wilson pulls apart the finer details of the world s game tracing the global history of tactics from modern pioneers right back to the beginning when chaos reigned Along the way he looks at the lives of great players and thinkers who shaped the sport and probes why the English in particular have proved themselves unwilling to grapple with the abstract This fifth anniversary edition of a football modern classic has been fully updated to include an investigation of the modern day Barcelona and how their style of play developed from Total Football which itself was an evolution of the Scottish passing game invented by Queens Park and taken on by Tottenham in the 1930s It also analyses different styles in the early British game and the changing mentality of South American football in the 1970s as well as looking at the birth of the 3 5 2 system so prevalent today Inverting the Pyramid Jonathan Wilson,2008 Whether it s Terry Venables keeping his wife up late at night with diagrams on scraps of paper spread over the eiderdown or the classic TV sitcom of moving the salt Jose Mourinho meanwhile is often brought to task for trying to smuggle the long ball game back into English football his defence being his need to break the lines of banks of defenders and midfielders Jonathan Wilson is an erudite and detailed writer but never loses a sense of the grand narrative sweep and here he pulls apart the modern game traces the world history of tactics back from modern pioneers such as Rinus Michels and Valeriy Lobanovskiy the Swiss origins of Catenaccio and Herbert Chapman right back to beginning where chaos reigned Along the way he looks at the lives of great players and thinkers who shaped the game and probes why the English in particular have proved themselves unwilling to grapple with the abstract This is a modern classic of football writing to rank with David Winner s Brilliant Orange and Simon Kuper s Football Against the Enemy The Ether in Its Relation to the Structure of Matter and the Transmission of Force Casper Otto Miller,1929
