**Creativity, innovation and entrepreneurship: the learning science towards higher order abilities** Zehui

Zhan, Patrick S. W. Fong, Harrison Hao Yang, Kuen-Yi Lin, Baichang Zhong, 2023-01-03 *Integrating Sustainability Principles*

*With AI-Driven Entrepreneurial Strategies* Naser, Muhammad Abu, Kadyan, Jagbir Singh, Segura, Liliane Cristina, 2025-09-10

In an era marked by climate change resource scarcity and growing social responsibility integrating sustainability into business strategies is essential AI transforms how entrepreneurs identify opportunities optimize operations and deliver value The convergence of sustainability principles with AI driven entrepreneurial strategies presents a path toward building resilient and ethical ventures AI enhances sustainable practices by enabling smarter resource management predictive analytics and automated decision making that aligns with environmental and social goals When entrepreneurs harness AI with a sustainability mindset they can innovate responsibly minimize environmental impact and create long term value for both business and society Further exploration of sustainability and AI powered entrepreneurship collaboration may drive meaningful innovation and foster a more equitable sustainable global economy *Integrating Sustainability Principles With AI Driven Entrepreneurial Strategies* explores sustainable business practices AI for sustainability and entrepreneurship empowerment strategies It provides a solid understanding of sustainability in modern business offers actionable strategies for integrating it into practice showcases AI s role in advancing sustainability and inspires impactful ventures This book covers topics such as ethics and law advertising and women in business and is a useful resource for business owners

entrepreneurs computer engineers academicians researchers and environmental scientists **Participatory Artificial Intelligence in Public Social Services** Petra Ahrweiler, 2025-03-03 This open access edited volume focuses on fairness issues concerning the use of artificial intelligence AI for social service provision in national welfare systems With this it touches upon important questions in the innovation agenda of countries across continents about the ethics justice quality responsibility accountability and transparency to use AI for state functions The volume shows that in many countries AI or at least data analytics methods are already in place to support the assessment of beneficiaries for deciding on the value criteria to distinguish between legal fraudulent deserving non deserving or needy non needy recipients The book provides a cross cultural comparison of AI based social assessment among national welfare systems of 9 countries across 4 continents Spain Estonia Germany Iran India Nigeria Ukraine China and USA Based on participatory research results from multi stakeholder inputs especially those from vulnerable groups the chapters in this volume show that value criteria for fairness and social justice are context bound and vary across the globe Furthermore they are in constant flux aligned to social change Thus the volume looks at pathways to developing culture sensitive responsive and participatory AI for social assessment in public service provision The contributions are interdisciplinary and introduce perspectives from the fields of sociology computational social science computer science and public policy This topical volume is of interest to a wide readership

*The Biotechnology Career Guide* Dr. Gaurav Kumar, 2026-01-19 The Biotechnology Career Guide is a comprehensive and practical roadmap for students and early career professionals seeking clarity and direction in the rapidly evolving field of biotechnology. Designed to bridge the gap between academic learning and real world opportunities, this book presents biotechnology not only as a scientific discipline but as a diverse and dynamic career ecosystem. The book covers foundational concepts and core techniques in biotechnology followed by in depth exploration of educational pathways, sector specific career opportunities in medical, agricultural, industrial and environmental biotechnology, and emerging roles driven by innovation and technology. Dedicated chapters address government and private sector employment, higher studies and research opportunities, entrepreneurship and startups, and the essential technical, analytical, communication and regulatory skills required to succeed in today's competitive landscape. With a strong emphasis on career readiness, the book integrates ethical and regulatory perspectives, global trends and future prospects, helping readers make informed and responsible professional decisions. Contributions from undergraduate, postgraduate and doctoral students developed under academic supervision add practical insights and diverse perspectives. Written for undergraduate and postgraduate students, researchers, educators and aspiring professionals, *The Biotechnology Career Guide* serves as both a reliable academic reference and a career planning companion. Whether you are exploring biotechnology for the first time or preparing to take the next step in your professional journey, this book equips you with the knowledge, skills and vision to build a meaningful and impactful career in biotechnology.

*Computer-Mediated Relationships and Trust: Managerial and Organizational Effects* Brennan, Linda L., Johnson, Victoria E., 2007-08-31 Examines trust in a third dimension. Considers how building trust is different for managers developing virtual relationships. Examines the way remote workers are managed. Electronic commerce is used to sell products and services to unseen consumers and how IT is relied on to interface with organizations, virtual or otherwise.

*The Instability of Truth* Rebecca Lemov, 2025-03-25 An acclaimed historian of science uncovers the hidden history of brainwashing and its troubling implications for today. Because brainwashing affects both the world and our observation of the world, we often don't recognize it while it's happening unless we know where to look. As Rebecca Lemov writes in *The Instability of Truth*, brainwashing erases itself. What we call brainwashing is more common than we think it is, not so much what happens to other people as what can happen to anyone. *The Instability of Truth* exposes the myriad ways our minds can be controlled against our will from the brainwashing techniques used against American POWs in North Korea to the soft brainwashing of social media, doomscrolling and behavior shaping. In our increasingly data driven world, anyone can fall victim to mind control. Lemov identifies invasive forms of emotional engineering that exploit trauma and addiction to coerce and persuade in everyday life. Tracing the word brainwashing from deep in the files of an operative of the U.S. Office of Strategic Services in the 1950s to the pioneering research of Robert Jay Lifton to the public trials of cult leaders and the case of Patty Hearst, Lemov also studies how the idea of mind control has spread across the globe and penetrated courtrooms.

secret labs military schools and today's digital sites The Instability of Truth offers lessons from mind control episodes past and present Truth is always subject to question in more mundane walks of life than most people believe and Lemov equips us for the increasing challenges we face from social media AI and an unprecedented global form of surveillance capitalism The Instability of Truth develops a rigorous new understanding of both brainwashing's paradoxes and its emotional roots by giving voice to brainwashers the brainwashed and third party observers alike

**Resources in Vocational Education**, 1978 *Software and CD-ROM Reviews on File*, 2002 **Resources in education**, 1988-04 **Current Index to Journals in Education**, 1997 IEEE International Engineering Management Conference, 1990 **Business Periodicals Index**, 2000 *Resources in Vocational Education*, 1978 **Book Review Index Cumulation** Dana Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year □□□□ □, 2010 *Arts & Humanities Citation Index*, 1983 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals
