Internet of Things: Usage And Application (UTeM Press) Zakiah Ayop,Nurul Azma Zakaria, ISBN 978 967 2145 33 2
Authors Zakiah Ayop Nurul Azma Zakaria The main goal of this book is to encourage both researchers and practitioners to share and exchange their experiences and recent studies between academia and industry The overall objectives are To improve the awareness of readers about IoT concepts technologies and application areas To present case studies and innovative applications of the IoT To highlight and discuss the recent development and emerging trends in the IoT To propose new models practical solutions and technological advances of the IoT To address implementation issues and challenges

Cloud IoT Systems for Smart Agricultural Engineering Saravanan Krishnan,J Bruce Ralphin Rose,N R Rajalakshmi,Narayanan Prasanth,2022-02-13 Agriculture plays a vital role in a country s growth Modern day technologies drive every domain toward smart systems The use of traditional agricultural procedures to satisfy modern day requirements is a challenging task Cloud IoT Systems for Smart Agricultural Engineering provides substantial coverage of various challenges of the agriculture domain through modern technologies such as the Internet of Things IoT cloud computing and many more This book offers various state of the art procedures to be deployed in a wide range of agricultural activities The concepts are discussed with the necessary implementations and clear examples Necessary illustrations are depicted in the chapters to ensure the effective delivery of the proposed concepts It presents the rapid advancement of the technologies in the existing agricultural model by applying the cloud IoT techniques A wide variety of novel architectural solutions are discussed in various chapters of this book This book provides comprehensive coverage of the most essential topics including New approaches on urban and vertical farming Smart crop management for Indian farmers Smart livestock management Precision agriculture using geographical information systems Machine learning techniques combined with IoT for smart agriculture Effective use of drones in smart agriculture This book provides solutions for the diverse domain of problems in agricultural engineering It can be used at the basic and intermediary levels for agricultural science and engineering graduate students researchers and practitioners

Advancements in Smart Computing and Information Security Sridaran Rajagopal,Kalpesh Popat,Divyakant Meva,Sunil Bajaja,2024-05-01 This 4 volume CCIS post conference set represents the proceedings of the Second International Conference on Advances in Smart Computing and Information Security ASCIS 2023 in Rajkot Gujarat India December 2023 The 91 full papers and 36 short papers in the volume were carefully checked and selected from 432 submissions Various application areas were presented at the conference including healthcare agriculture automotive construction and engineering pharmaceuticals cybercrime and sports

Internet of Things Analytics and Its Applications Dr Sudha M,2024-04-13 In this smart digital era the need for process automation has become an essential requirement in our day to day activities The use of existing smart sensors devices and internet connected things is an ever growing scenario Incorporating cost effective methods for connecting and coordinating these smart things is very useful to

accomplish cost effective automation that could enhance real time activities IoT has been realized as a cost effective solution in home automation farm monitoring and other fields as well

Advances in Data Science and Management Samarjeet Borah,Sambit Kr. Mishra,Milan Tuba,Aniket Mahanti,Zdzislaw Polkowski,2026-01-01 This book includes high quality papers presented at the Third International Conference on Data Science and Management ICDSM 2024 organized by the Gandhi Institute for Education and Technology Bhubaneswar from December 13 14 2024 It features research in which data science is used to facilitate the decision making process in various application areas and covers a wide range of learning methods and their applications in a number of learning problems The empirical studies theoretical analyses and comparisons to psychological phenomena described contribute to the development of products to meet market demands The work is presented in two volumes

AI, Edge and IoT-based Smart Agriculture Ajith Abraham,Sujata Dash,Joel J.P.C. Rodrigues,Biswaranjan Acharya,Subhendu Kumar Pani,2021-11-10 AI Edge and IoT Smart Agriculture integrates applications of IoT edge computing and data analytics for sustainable agricultural development and introduces Edge of Thing based data analytics and IoT for predictability of crop soil and plant disease occurrence for improved sustainability and increased profitability The book also addresses precision irrigation precision horticulture greenhouse IoT livestock monitoring IoT ecosystem for agriculture mobile robot for precision agriculture energy monitoring storage management and smart farming The book provides an overarching focus on sustainable environment and sustainable economic development through smart and e agriculture Providing a medium for the exchange of expertise and inspiration contributions from both smart agriculture and data mining researchers around the world provide foundational insights The book provides practical application opportunities for the resolution of real world problems including contributions from the data mining data analytics Edge of Things and cloud research communities working in the farming production sector The book offers broad coverage of the concepts themes and instruments of this important and evolving area of IOT based agriculture Edge of Things and cloud based farming Greenhouse IOT mobile agriculture sustainable agriculture and big data analytics in agriculture toward smart farming Integrates sustainable agriculture Greenhouse IOT precision agriculture crops monitoring crops controlling to prediction livestock monitoring and farm management Presents data mining techniques for precision agriculture including weather prediction plant disease prediction and decision support for crop and soil selection Promotes the importance and uses in managing the agro ecosystem for food security Emphasizes low energy usage options for low cost and environmental sustainability

Proceedings of the Multimedia University Engineering Conference (MECON 2022) Mohamad Yusoff bin Alias,2023-02-10 This is an open access book The Multimedia University Engineering Conference 2022 MECON 2022 aims to bring together related research scholars educators practitioners policy makers enthusiasts fellow students and industries to share and exchange their research experiences and results on all aspects of engineering technologies from various perspectives disciplines and fields It also offers an interdisciplinary platform for all stakeholders to present and discuss the

most latest trends innovations and concerns as well as practical challenges encountered and solutions adopted in the realm of engineering technologies This conference is being co organised by the Faculty of Engineering FOE and Faculty of Engineering and Technology FET Multimedia University MECON 2022 carries the theme Sustainable Engineering for a Sustainable Future Proceedings of the International Conference on Sensors and Microsystems Manish Tiwari,Ghanshyam Singh,Tawfik Ismail,Neha Singh,2025-08-09 This book constitutes peer reviewed proceedings of the 1st International Conference on Sensors and Microsystems ICSM 2024 This book discusses the latest technological advancements in designing and implementing sensors and microsystems The book is a unique collection of chapters from different areas with a common theme The book covers a broad range of topics relating to sensors and microsystems which includes physics chemistry and materials science of the sensors and sensor applications in biomedical optoelectronic systems control and verification automated systems human computer interface etc with tailored intelligence to make a transformative impact on the economy industry and society It is beneficial for academic researchers and practitioners in the industry who work in this field

Advances in Data-Driven Computing and Intelligent Systems Jagdish Chand Bansal,Snehanshu Saha,Carlos A. Coello Coello,Hemant Rathore,2026-01-01 This book is a collection of best selected research papers presented at the International Conference on Advances in Data driven Computing and Intelligent Systems ADCIS 2024 held at BITS Pilani K K Birla Goa Campus Goa India during September 20 21 2024 It includes state of the art research work in the cutting edge technologies in the field of data science and intelligent systems The book presents data driven computing it is a new field of computational analysis which uses provided data to directly produce predictive outcomes The book is useful for academicians research scholars and industry persons *Flood Detection. Alert System for Flood Prevention and Reduction of Damages* Bandar Naji Ali Hezam,2023-05-24 Scientific Essay from the year 2021 in the subject Geography Earth Science Meteorology Aeronomy Climatology Asia Pacific University of Technology and Innovation language English abstract The project presented in this paper aims to develop a flood detection system that helps to detect floods before they occur The system utilizes various sensors to detect potential flooding in a given area including water level sensors rain gauges and temperature sensors The data collected from these sensors is analyzed and used to generate alerts which can be sent to authorities emergency responders and citizens directly to their smartphone The project s ultimate goal is to improve flood prevention and mitigation efforts in the country and reduce the risk of damage to infrastructure property and loss of life caused by flooding By using innovative technology this flood detection system can significantly benefit the community and help the country better prepare for future flooding events **The Internet of Things: Do-It-Yourself at Home Projects for Arduino, Raspberry Pi and BeagleBone Black** Donald Norris,2015-01-30 Build and program projects that tap into the Internet of Things IoT using Arduino Raspberry Pi and BeagleBone Black This innovative guide gets you started right away working with the most popular processing platforms wireless communication technologies the Cloud and a variety of sensors You ll learn

how to take advantage of the utility and versatility of the IoT and connect devices and systems to the Internet using sensors Each project features a list of the tools and components how to explanations with photos and illustrations and complete programming code All projects can be modified and expanded so you can build on your skills The Internet of Things DIY Projects with Arduino Raspberry Pi and BeagleBone Black Covers the basics of Java C Python JavaScript and other programming languages used in the projects Shows you how to use IBM s Net Beans IDE and the Eclipse IDE Explains how to set up small scale networks to connect the projects to the Internet Includes essential tips for setting up and using a MySQL database The fun DIY projects in the book include Raspberry Pi home temperature measurements Raspberry Pi surveillance webcams Raspberry Pi home weather station Arduino garage door controller Arduino irrigation controller Arduino outdoor lighting controller Beaglebone message panel Beaglebone remote control SDR Machine to machine demonstration project

Arduino Based Automatic Plant Watering System Introduction

In today's digital age, the availability of Arduino Based Automatic Plant Watering System books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Arduino Based Automatic Plant Watering System books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Arduino Based Automatic Plant Watering System books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Arduino Based Automatic Plant Watering System versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Arduino Based Automatic Plant Watering System books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Arduino Based Automatic Plant Watering System books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Arduino Based Automatic Plant Watering System books and manuals is Open Library. Open Library is an initiative of the

Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Arduino Based Automatic Plant Watering System books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Arduino Based Automatic Plant Watering System books and manuals for download and embark on your journey of knowledge?
