American Made Dan DiMicco, 2015-03-03 American manufacturing is on life support at least that s what most people think The exodus of jobs to China and other foreign markets is irreversible and anything that is built here requires specialized skills the average worker couldn t hope to gain Not so says Dan DiMicco chairman and former CEO of Nucor America s largest steel company He not only revived a major US manufacturing firm during a recession but helped galvanize the flagging domestic steel industry when many of his competitors were in bankruptcy or headed overseas In *American Made* he takes to task the politicians academics and political pundits who he contends are exacerbating fears and avoiding simple solutions for the sake of nothing more than their own careers and contrasts them with the postwar leaders who rebuilt Europe and Japan put a man on the moon and kept communism at bay We need leaders of such resolve today he argues who can tackle a broken job creation engine by

restoring manufacturing to its central role in the U S economy and cease creating fictitious service businesses where jobs evaporate after a year or two as in a Ponzi scheme With his trademark bluntness DiMicco tackles the false promise of green jobs and the hidden costs of outsourcing Along the way he shares the lessons he s learned about good leadership crisis management and the true meaning of innovation and maps the road back to robust economic growth middle class prosperity and American competitiveness

Believe in People Charles Koch,Brian Hooks,2026-03-24 Believe in People is a surprising take on how you can help tackle the really big

problems in society from one of America's most successful entrepreneurs. Is the American Dream Over? Millions of people are asking this question as our country celebrates the 250th anniversary of the Declaration of Independence. Many people are arguing the only way to solve our country's problems is to turn away from the principles in the Declaration, yet Charles Koch and Brian Hooks make the compelling case that more fully applying those principles is essential to uniting our country and creating a future where everyone can lead a life of meaning. Koch, the chairman and co-CEO of Koch Inc. and founder of Stand Together, one of the country's most dynamic philanthropic communities, and Hooks, chairman and CEO of Stand Together, offer a transformative and proven road map for solving America's toughest challenges, from our divisive politics to generational poverty to a broken education system. They show readers how to move beyond managing problems from the top down and instead unlock human potential through bottom-up solutions. With a new preface reflecting on how these ideas are even more relevant today than when the book was first released, a new foreword by Martin Luther King III, and with deeply personal stories and compelling examples of real-life impact, Koch and Hooks sketch a path forward for America and all who call it home. Work with anyone to do right, empower others from the bottom up, and create a society where everyone can rise. No matter your background or beliefs, *Believe in People* inspires you to rally around the principles of empowerment in the Declaration of Independence and make our country's next 250 years even better than the last.
