Dear readers of Frontiers in Built Environment As the Field Chief Editor for Frontiers in Built Environment I am happy to present this curated selection of papers that have made a significant impact within our community Among the large number of submissions that we received these 14 papers represent some of the best published in 2023 the year when the journal attained its first impact factor With many high quality papers to consider in selecting these 14 articles we faced the challenging task of how to include papers from across the 15 distinct sections of the journal whilst at the same time achieving a sense of cohesion to the ebook overall However amidst this diversity we noticed a convergence in our highest quality papers around three pivotal themes that are central to our journal s mission resilience sustainability and technology In this way despite the broad range of topics covered within both our journal and this selection this ebook can truly be considered representative of our journal as a whole These carefully chosen papers encompass high quality original research and comprehensive reviews which also embody the ethos of innovation and excellence that defines our journal As the Field Chief Editor I am thankful to all authors who have enriched our journal with their high caliber work I extend sincere appreciation to the dedicated efforts of our editors and reviewers whose invaluable contributions have been instrumental in shaping Frontiers in Built Environment in 2023
