Boke An Act Of Love:

The Prison of Love Emily C. Francomano, 2018-01-18 The Spanish romance *Ciel de amor* blossomed into a transnational and multilingual phenomenon that captivated audiences throughout Europe at a time when literacy was expanding and print production was changing the nature of reading writing and of literature itself In *The Prison of Love* Emily Francomano offers the first comparative study of this sixteenth century work as a transcultural humanist fiction Blending literary analysis and book history Francomano provides us with the richly textured history of the translations material books and artefacts that make this tale of love letters and courtly intrigue an invaluable prism through which the multifaceted world of sixteenth century literary and book cultures are refracted

Love's Labour's Lost William Shakespeare, 1951 *Nicholas Love's Mirror and Late Medieval Devotio-Literary Culture* David J. Falls, 2016-03-31 Surviving in 59 complete manuscript versions few English texts of the late medieval period seem to have achieved the popularity of Nicholas Love's fifteenth century translation and adaptation of the Latin *Meditationes Vitae Christi* The Mirror of the Blessed Life of Jesus Christ The Mirror has received surprisingly little scholarly attention and is often contextualized in terms of its role in the theological conflict between English ecclesiastical orthodoxy and the teachings of heresiarch John Wycliff David Falls presents a new account of the text's history which de-centralises but does not disregard the influence of the Wycliffite controversy Falls interrogates preconceptions and investigates new possibilities for understanding the composition circulation function and use of Love's Mirror by examining both the textual modifications and additions made by Love in his adaptation of the Latin and places these alterations in context by examining individual copies of the Mirror The manuscript copies are read as both sites of literary consumption and nexuses of textual transition demonstrating that it was Love's ability to inscribe his work with functional diversity which explains the Mirror's popularity This book presents a nuanced picture not only of the Mirror's production circulation and function but also the dynamic and flourishing devotio literary culture of late medieval England in which Love's text operated
