Enron Play:

Enron Lucy Prebble, 2011 THE STORY ENRON is a theatrical and explosive tale of the collapse of a company Inspired by real events but told as a sprawling dynamic tragedy the play follows CEO and anti hero Jeffrey Skilling through the journey of Enron s rise and fall *The Routledge Companion to Ethics, Politics and Organizations* Alison Pullen, Carl Rhodes, 2015-06-05 The Routledge Companion to Ethics Politics and Organizations synthesizes and extends existing research on ethics in organizations by explicitly focusing on ethico politics where ethics informs political action It draws connections between ethics and politics in and around organizations and the workplace examines cutting edge areas and sets the scene for future research Through a wealth of international and multidisciplinary contributions this volume considers the broad range of ways in which ethics and politics can be conceived and understood The chapters look at various ethical traditions as well as the discursive deployment of ethical terminology in organizational settings and they also examine large scale political structures and processes and how they relate to different forms of politics which affect behaviour in organizations These many possibilities are united by a focus on how ethics can be used to inform and justify the exercise of power in organizations This collection will be a valuable reference source for students and researchers across the disciplines of organizational studies ethics and politics [The Role of the Financial Institutions in Enron's Collapse](#) United States.
