tort crime land tenure and personal relations operate The author also deals with the local administration of the law the intercourse between the bench and the bar and not least the future of Nigerian law This valuable book is of use to students of African studies and lawyers who in their work have dealings with the countries of Africa It first appeared under the title Groundwork of Nigerian Law but the present title is a more apt description of the content A number of textual errors have been corrected and large sections have been entirely re written or expanded in order to bring the book up to date
