The Bootstrapper's Guide to SEO

Jeremy Pound, 2015-07-06 How does Juicy Results guarantee its SEO service to clients The answer is process By first studying Google s intended user experience we have been able to develop our completely white hat framework to build search engine traffic for just about any type of business And now we are publishing our internal operations manual for you to use for your company The Bootstrapper s Guide to SEO shares our core philosophy of why Google ranks the pages it does and shows how you can systematically take advantage of this understanding to build a far reaching customer generating search engine presence The Bootstrapper s Guide to SEO is more than just a book though We have designed a complete kit to launch your SEO initiatives and have even included the actual tools and worksheets we use within our firm today As you have

probably discovered there is no shortage of information about SEO available on the web. However, you're likely frustrated by how much of this information is theory, abstract, highly technical, and even conflicting. At Juicy Results, we value clarity and principle-based learning, so you will find this guide a pragmatic and clear read. The process and habits outlined in this book will get you Page One rankings in Google if implemented. Our goal is to make you as effective as possible with as little work as necessary. No waste, just productive effort. We've outlined the process so that you can standardize these processes and ideas within your organization, even if your entire organization is just you.

What's In The Bootstrapper's Guide To SEO

The guide is broken down into five core sections. We first explain the core concepts of how Google works and the claims they have made about their vision for their search product. Understanding these underlying principles will guide your decision making when completing the SEO exercises. From there, the Guide dispenses practical, step-by-step processes for building your Page One rankings:

- 1 How SEO Works: A high-level overview so that you can make better decisions.
- 2 A Strategic Approach to SEO: Selecting keywords with the sweet spot qualities: those that will actually bring you new customers AND those that you are able to rank for.
- 3 Web Presence, Not Website: Ensuring your website has the tools needed to rank.
- 4 Executing SEO: How to rank and how to institute the right habits within your organization to automatically grow your search traffic forever.
- 5 Measuring Your Progress: How to know what is working, what needs some more attention, and how well you are doing.

There are also four bonus appendixes along with several checklists and worksheets.

Who This Guide Is For

This book is for the entrepreneur, executive, or marketer who values clarity and effectiveness. We put this book together to share a practical system that was designed and proven through our agency, Juicy Results, to reliably expand a company's online visibility. It doesn't matter what type of business you run, what your role is, or how long you have been online. There are two main prerequisites for this system to work: You need to have a real, differentiated business that adds value to your customers' lives. If you are unsure whether you fit this criteria, see this article: [You need to be willing to follow the plan and spend the time and creative effort to implement these habits in your company](#).

SEO 2018 (No-Bullsh*t) Strategy Casey Leigh Henry, 2017-11-30

This 2018 Search Engine Optimization Strategy Guide takes your hand and walks you through the entire implementation of a proven SEO strategy. As indicated in the title, *SEO 2018 No Bullsh*t Strategy* is a simple, step-by-step guide that teaches you how to fully execute a search engine optimization strategy that actually works with complete transparency. Many people and companies make search engine optimization out to be a complicated process that not just any ordinary human could possibly wrap their mind around. But they're wrong. It's just a bunch of BS. SEO is not magic. SEO is simple; it's all about creating natural, high-quality content for humans to enjoy, not robots. And that's why this book exists to debunk all the BS and provide people like you with a comprehensive, easy-to-follow guide on search engine optimization so you can avoid being taken advantage of by so-called search engine optimization gurus and professionals.
