The Path Is the Goal Chögyam Trungpa, 2011-06-07 Lessons on the true purpose and power of meditation from one of the great masters According to the Buddha no one can attain basic sanity or enlightenment without practicing meditation It is the essential spiritual practice and nothing else is more important In The Path is the Goal Ch gyam Trungpa teaches us to let go of the urge to make meditation serve our ambition thus we can relax into openness We are shown how the deliberate practice of mindfulness develops into contrived awareness and we discover the world of insight that awareness reveals We learn of a subtle psychological stage set that we carry with us everywhere and unwittingly use to structure all our experience and we find that meditation gradually carries us beyond this and beyond ego altogether to the experience of unconditioned freedom The teachings presented here all in Trungpa s concise accessible style provide the foundation that every practitioner needs to awaken as the Buddha did

**Symbols and Themes in Sacred Texts** Barnabas Tiburtius, 2020-03-10 In this information age the need for explicit meaning in scriptures and rituals is a vital ingredient that is lacking The literal interpretations and obligatory rituals have left a void in the individual's spiritual journey and hence the increasing disappointment in organized religions There are 50 articles in this book whose contents aim to provide a deeper spiritual meaning that is conveyed through certain specific symbols and themes such as Agni or Fire Cave Cloud twice born Four beasts Dragon Trilogy Hero Charioteer Hostile brothers Inner demon East Nakedness Reincarnation Redemption Deluge Sword and Twins These common symbols and themes across many mythologies and the spiritual significance they convey are brought out so that the higher nature of man and the spiritual path one has to traverse can be indicated The very fact that man seeks a higher and more meaningful knowledge denotes that he is on a path to exploring his true nature or awake to his true self These symbols and themes cut across all dominant spiritual traditions such as Vedic Buddhist Hebraic Christian and Islamic religions *Symbols and Themes in Sacred Texts* contain the key to unlock the spiritual treasure hidden from humanity through literal and archaic cultural interpretations
