The photobook world Paul Ernest Michael Edwards, 2023-02-28 This volume sets out to challenge and ultimately broaden the category of the photobook. It critiques the popular art market definition of the photobook as simply a photographer's book proposing instead to show how books and photos come together as collective cultural productions. Focusing on North American British and French photobooks from 1920 to the present the chapters revisit canonical works by Claudia Andujar and George Love Mohamed Bourouissa Walker Evans Susan Meiselas and Roland Penrose while also delving into institutional digital and unrealised projects illegal practices DIY communities and the poetic impulse. They throw new light on the way that gendered racial or colonial assumptions are resisted. Taken as a whole the volume provides a better understanding of how the meaning of a photobook is collectively produced both inside and outside the art market

Bettina Lockemann Bettina Lockemann, 2022-10-17 The photobook visually and materially contextualizes arrangements of photographs and brings them into a sensually tangible form. The book format the materiality of the paper and the type of binding have just as much of an effect on the viewer as the selection of images their positioning in the layout typography and the texts. The artist and theorist Bettina Lockemann provides an approach to the medium from a research perspective considering the photobook as an independent subject of art theories her phenomenological discussion complements methodological lines of thought. An important contribution to the photobook as an independent field of research. Lockemann elaborates precise terms for analyzing this medium. Through a practice based examination of contemporary photobooks this guide emphasizes the status of the photobook as an artwork in its own right. BETTINA LOCKEMANN 1971 is an artist and scholar specialized in artistic documentary photography. After studying art photography and media art in Leipzig and earning a PhD in art history at the ABK Stuttgart she was professor for practice and theory of photography at the HBK Braunschweig for five years. She lives in Cologne
