The Spiritual Dynamics Of Relationships:

Seductions Exposed Gary L. Greenwald,2003-05-01 If you've ever ended a relationship you knew wasn't God's will for your life but you can't seem to stop thinking about that person. If your behavior is being influenced in a negative way by people you come into contact with. If you're cursing yourself through forbidden statues, jewelry, and practices. It's time for you to break free from the ties on your soul. Dr. Gary Greenwald will explain how the transference of spirits and soul ties can create dominion over your life. Learn how to defeat the deceiving spirits that control many of the things you come into contact with every day. You can be delivered into a life ruled only by the Holy Spirit.

Spirituality in Clinical Practice Len Sperry,2012-01-26 Psychotherapists are increasingly expected to incorporate the spiritual as well as the psychological dimension in their professional work. Therapists also are increasingly required to utilize evidence-based practices and demonstrate the effectiveness of their practice. An ever-increasing number of spiritually oriented psychotherapy books attest to its importance, but unlike these books that primarily focus on the therapist's spiritual awareness, the second edition of *Spirituality in Clinical Practice* addresses the actual practice of spiritually oriented psychotherapy from the beginning to the end. Dr. Len Sperry, master therapist and researcher, emphasizes the therapeutic processes in spiritually oriented psychotherapy with individual chapters on the therapeutic relationship, assessment, and case conceptualization, intervention, evaluation, and termination, and culturally and ethically sensitive interventions. The days of training therapists to be spiritually aware and sensitive to client needs are over; therapists are now expected to practice spiritually sensitive psychotherapy in a competent manner from the first session to termination. Dr. Sperry organizes his text around this central focus point and, as in the original edition, continues to provide a concise, theory-based framework for understanding the spiritual dimension. Readers can use this framework as the basis for competently integrating spirituality in an effective, evidence-based psychotherapy practice.

Encyclopedia of Christianity in the Global South Mark A. Lamport,2018-06-01 Christianity has transformed many times in its 2,000-year history, from its roots in the Middle East to its presence around the world today. From the mid-twentieth century onward, the presence of Christianity has increased dramatically in Asia, Africa, and Latin America, and the majority of the world's Christians are now nonwhite and non-Western. The *Encyclopedia of Christianity in the Global South* traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions. The volumes include maps, images, and a detailed timeline of key events. The phrases "Global Christianity" and "World Christianity" are inadequate to convey the

complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide

The Challenges of Pastoral Leadership Ronald Rojas, John Alvarez, 2012-08-07 Its too easy to learn and apply business leadership models to the pastoral sector But is it the best alternative to form Church leaders What are we missing when we use business models in ministry This book is about creating more sensitivity on how some of these secularly learned models can inadvertently limit pastoral effectiveness and suggests an hourglass approach to leadership capable of fostering a set of principles more harmonious with ministry intent In many ways this book is a guide for cultivating and developing a more authentic sense of leadership in ministry one that emerges from within the scholarly sources of the leadership field but at the same time is rooted in the principle leadership is a spiritual practice This book is a must have for clergy religious women and men and anyone engaged with forming ministry leaders or performing leadership roles in diocesan parish life or Church ministry
