evil Can you be certain of anything Is morality all about power Do you really want to be free Wilkens encourages you not to be a mere spectator but to actively and critically engage the questions and ideas these philosophers raise Here is a book for beginning students thoughtful Christians or anyone who wants to explore life s deepest questions *Postcolonial Imaginations and Moral Representations in African Literature and Culture* Chielozona Eze,2011-12-16 The postcolonial African culture as it is discoursed in the academia is largely influenced by Africa s response to colonialism To the degree that it is a response it is to considerably reactive and lacks forceful moral incentives for social critical consciousness and nation building Quite on the contrary it allows especially African political leaders to luxuriate in the delusions of moral rectitude imploring at will the evil of imperialism as a buffer to their disregard of their people This book acknowledges the social and psychological devastations of colonialism on the African world It however argues that the totality of African intellectual response to colonialism and Western imperialism is equally if not more damaging to the African world In what ways does the average African leader indeed the average African judge and respond to his world How does he conceive of his responsibility towards his community and society The most obvious impact of African response to colonialism is the implicit search for a pristine innocent paradigm in for instance literary philosophical social political and gender studies This search has its own moral implication in the sense that it makes the taking of responsibility on individual and social level highly difficult Focusing on the moral impact of responses to colonialism in Africa and the African Diaspora this book analyzes the various manifestations of delusions of moral innocence that has held the African leadership from the onerous task of bearing responsibility for their countries it argues that one of the ways to recast the African leaders responsibility towards Africa is to let go on the one hand the gaze of the West and on the other of the search for the innocent African experience and cultures Relying on the insights of thinkers such as Frantz Fanon Wole Soyinka Kwame Anthony Appiah Achille Mbembe and Wolfgang Iser this book suggests new approaches to interpreting African experiences It discusses select African works of fiction as a paradigm for new interpretations of African experiences *Postcolonial Imagination and Moral Representations in African Literature and Culture* Chielozona Eze,2011-01-01 Following in the footsteps of Chinua Achebe s *Things Fall Apart* the tenor of the postcolonial African culture has been justifiably anti imperialist In the 21st century however there has been a gradual but certain shift away from the write back discourse paradigm towards more integrative globally inflected cultural interpretive models in Africa This book celebrates the emergence of new interpretive paradigms such as in African philosophy gender studies and literature [Humanitarian Fictions](#) Megan Cole Paustian,2024-01-02 Humanitarianism has a narrative problem Far too often aid to Africa is envisioned through a tale of Western heroes saving African sufferers While labeling white savior narratives has become a familiar gesture it doesn t tell us much about the story as story *Humanitarian Fictions* aims to understand the workings of humanitarian literature as they engage with and critique narratives of Africa Overlapping with but distinct from human rights humanitarianism centers on a relationship of assistance focusing less on

rights than on needs less on legal frameworks than moral ones less on the problem than on the nonstate solution Tracing the white savior narrative back to religious missionaries of the nineteenth century Humanitarian Fictions reveals the influence of religious thought on seemingly secular institutions and uncovers a spiritual collectivist streak in the discourse of humanity Because the humanitarian model of care transcends the boundaries of the state and its networks touch much of the globe Humanitarian Fictions redraws the boundaries of literary classification based on a shared problem space rather than a shared national space The book maps a transnational vein of Anglophone literature about Africa that features missionaries humanitarians and their so called beneficiaries Putting humanitarian thought in conversation with postcolonial critique this book brings together African British and U S writers typically read within separate traditions Paustian shows how the novel with its profound sensitivity to narrative can enrich the critique of white saviorism while also imagining alternatives that give African agency its due

**Our Secret Discipline** Helen Vendler, 2007 The fundamental difference between rhetoric and poetry according to Yeats is that rhetoric is the expression of one s quarrels with others while poetry is the expression and sometimes the resolution of one s quarrel with oneself This is where Helen Vendler s Our Secret Discipline begins Through exquisite attention to outer and inner forms Vendler explores the most inventive reaches of the poet s mind This book is a space clearing gesture an attempt to write about lyric forms in Yeats in unprecedented and comprehensive ways The secret discipline of the poet is his vigilant attention to forms whether generic structural or metrical Yeats explores the potential of such forms to give shape and local habitation to volatile thoughts and feelings Helen Vendler remains focused on questions of singular importance why did Yeats cast his poems into the widely differing forms they ultimately took Can we understand Yeats s poetry better if we pay attention to inner and outer lyric form Chapters of the book take up many Yeatsian ventures such as the sonnet the lyric sequence paired poems blank verse and others With elegance and precision Vendler offers brilliant insights into the creative process and speculates on Yeats s aims as he writes and rewrites some of the most famous poems in modern literature

**Emerging Perspectives on Chinua Achebe** Ernest Emenyonu, Iniobong I. Uko, 2004 Chinua Achebe s influence on contemporary African Literature is as much evident in his art of the novel as his articulation of African poetics and aesthetics in his extra fictional pronouncements He is as much the father of the modern African novel as he is the pioneer theoretician of African literary criticism Whereas Things Fall Apart established for African creative writers the art of the African novel such critical essays as The Role of the Writer in a New Nation The African Writer and the English Language The Black Writer s Burden and What has Literature got to do with it read like conscious blue prints defining for teachers readers and critics of African literature appropriate directions for objective literary criticism ISINKA Igbo term for artistic purpose establishes Chinua Achebe s legacies to African literary

criticism over half a century The book starts with a Prologue followed by thirty highly engaging chapters and ends with an Epilogue The chapters are grouped into six parts namely Art and Aesthetics Igbo Worldview and Christianity The Artist in Society Visions of History African Womanhood and Influences In these essays literary scholars from various parts of the world attempt dynamically to assess and establish how much Chinua Achebe's extra-fictional ideas about African Literature or Literature in general are justified in his own creative works ISINKA is thus a logical sequel to OMENKA which examined the dimensions of Chinua Achebe's achievements as Africa's leading novelist of the 20th century and one of the world's best dead or alive
