Conversational Ukrainian:

Conversational Ukrainian Quick and Easy Yatir Nitzany, 2019-01-26 Have you always wanted to learn how to speak Ukrainian but simply didn't have the time? Well, if so, then look no further. You can hold in your hands one of the most advanced and revolutionary methods that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and when combined form sentences. Through various other discoveries about how real conversations work, discoveries that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now. If you want to learn complicated grammar rules or speak perfect Ukrainian, then this book is not for you. However, if you need to actually hold a conversation while on a trip to Ukraine to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. Therefore, unlike other courses, all words in this program are taught in both the Cyrillic alphabet as well as English transliteration. More formalized training in grammar rules, etc., can come later. This is one of the several in a series of instructional language guides. The Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages, in order to learn a language. With Conversational Ukrainian Quick and Easy, all you need are fifty-three pages. Learn Ukrainian today, not tomorrow, and get started now. **Conversational Ukrainian Quick and Easy** Yatir

Nitzany, 2017-07-02 THIS BOOK DOESN'T CONTAIN ANY WORDS IN THE CYRILLIC ALPHABET. ALL UKRAINIAN WORDS IN BOTH THE KINDLE AND PAPERBACK VERSION OF THIS BOOK WERE WRITTEN IN ENGLISH TRANSLITERATION.

Have you always wanted to learn how to speak Ukrainian but simply didn't have the time? Well, if so, then look no further. a specific way so that you may become rapidly and almost effortlessly conversant now If you want to learn complicated grammar rules or the non Romanized alphabet of a foreign language then this book is not for you However if you need to actually hold a conversation while on a trip to Ukraine to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible then the Nitzany Method is what you have been looking for This method is designed for fluency in a foreign language while communicating in the present tense Nitzany believes that what s most important is actually being able to understand and be understood by another human being right away Therefore unlike other courses all words in this program are taught in English transliteration without having to learn the complex Cyrillic alphabet More formalized training in grammar rules etc can come later This isn t a pronunciation book Thus this book is recommended for those with prior knowledge in pronunciation of the Ukrainian language However for those who aren t previously familiar this book does provide some basic tools to teach pronunciation You will notice in this program that occasionally the endings of certain Ukrainian words change slightly depending on different cases However since this is not a grammar book this program will not teach you these skills nor will it teach you the accusative genitive dative instrumental or prepositional cases The only thing this book offers are the necessary tools to become conversational in a foreign language in record time As previously stated though with regards to grammar and pronunciation you are on your own This is one of the several in a series of instructional language guides the Nitzany Method s revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible No more depending on volumes of books of fundamental beginner intermediate and advanced levels all with hundreds of pages in order to learn a language With Conversational Ukrainian Quick and Easy all you need are fifty three pages Learn Ukrainian today not tomorrow and get started now

Historical Dictionary of Ukraine Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this

history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine

Language Contact. Volume 2 Jeroen Darquennes, Joseph C. Salmons, Wim Vandebussche, 2025-04-21 Targeting a full range of students and scholars this volume provides a total of 50 chapters illustrating the linguistic dynamics and the dynamics of inter individual and societal language contact as well as the dynamics of multidisciplinary language contact studies Fueled by a wealth of data from a rich variety of contact situations its geographically balanced case studies are governed by the triangulation between a focus on language structure and change a sincere drive of sociopolitical and academic agency and the confrontation with an everyday reality that can be unkind to and ignorant of those two factors The volume clearly demonstrates the social relevance of our trade in a time burdened with ecolinguistic challenges
