know about are structure and presentation you can create some great looking pages but they re still just pages When you add behavior with JavaScript you can create an interactive experience even better you can create full blown web applications

Head First HTML5 Programming is your ultimate tour guide to creating web applications with HTML5 and JavaScript and we give you everything you need to know to build them including how to add interactivity to your pages how to communicate with the world of Web services and how to use the great new APIs being developed for HTML5 Here are just some of the things you ll learn in Head First HTML5 Programing Learn how to make your pages truly interactive by using the power of the DOM Finally understand how JavaScript works and take yourself from novice to well informed in just a few chapters Learn how JavaScript APIs fit into the HTML5 ecosystem and how to use any API in your web pages Use the Geolocation API to know where your users are Bring out your inner artist with Canvas HTML5 s new 2D drawing surface Go beyond just plugging a video into your pages and create custom video experiences Learn the secret to grabbing five megabytes of storage in every user s browser Improve your page s responsiveness and performance with Web workers And much more
