Historical Thinking Concepts:

The Big Six Peter C. Seixas, Tom Morton, Jill Colyer, Stefano Fornazzari, 2013 Each chapter begins by featuring where a prominent Canadian author has engaged one of the six concepts while writing a work of popular history or historical fiction

pub desc **Teaching about Historical Thinking** Mike Denos, Roland Case, Peter Carr Seixas, Penney Clark, Critical Thinking Consortium, 2006 This resource focuses on six interrelated concepts central to students ability to think about history These core concepts are historical significance evidence continuity and change cause and consequence historical perspective and moral judgment The nature and importance of each concept is discussed as are the problems associated with helping students understand them The resource offers specific suggestions for introducing the concepts to students and for applying them throughout the history curriculum An extended teaching example illustrates how these concepts work in tandem as students learn to think critically about history The resource also includes ample activity sheets to create engaging history lessons

New Directions in Assessing Historical Thinking Kadriye Ercikan, Peter Seixas, 2015-02-20 New technologies have radically transformed our relationship to information in general and to little bits of information in particular The assessment of history learning which for a century has valued those little bits as the centerpiece of its practice now faces not only an unprecedented glut but a disconnect with what is valued in history education More complex processes historical thinking historical consciousness or historical sense making demand more complex assessments At the same time advances in scholarship on assessment open up new possibilities For this volume Kadriye Ercikan and Peter Seixas have assembled an international array of experts who have collectively moved the fields of history education and assessment forward Their various approaches negotiate the sometimes conflicting demands of theoretical sophistication empirically demonstrated validity and practical efficiency Key issues include articulating the cognitive goals of history education the relationship between content and procedural knowledge the impact of students language literacy on history assessments and methods of validation in both large scale and classroom assessments New Directions in Assessing Historical Thinking is a critical research oriented resource that will advance the conceptualization design and validation of the next generation of history assessments

Cases on Historical Thinking and Gamification in Social Studies and Humanities Education Martínez-Hita, María, Carrasco, Cosme Jesús Gómez, Miralles-Martínez, Pedro, 2022-06-30 Research on history education and historical thinking is becoming increasingly relevant internationally The need for a renewal of history education is not only justified by the epistemology of history itself but also by the demand for a methodological change in education in general making students active protagonists in the construction of their learning and based on the development of competencies Further study on the potential use of gamification within social studies and humanities education is required to understand its benefits and challenges Cases on Historical Thinking and Gamification in Social Studies and Humanities Education proposes and analyzes gamification as a pedagogical innovation that can enable the renewal of the teaching and learning process of

history facilitating the active learning of historical thinking concepts while influencing students conceptions of history as a discipline and as a school subject Covering key topics such as historical thinking social sciences video games and mobile learning this reference work is ideal for historians policymakers researchers scholars academicians practitioners instructors and students **Teaching Historical Thinking** Mike Denos,Roland Case,Stefan Stipp,Lindsay Gibson,James Miles,2023

Beyond History for Historical Consciousness Stephane Levesque,Jean-Philippe Croteau,2020-04-02 As issues of history memory and identity collide with increasing frequency and intensity in the classroom and society the timing is ideal to investigate the impact of these forces on twenty first century students Relying on the theory of historical consciousness this book presents the results of a comprehensive study conducted with over 600 French Canadian students that examines their narrative views of the collective past The authors offer new evidence on how young citizens from various regions and ethnocultural groups in Quebec and Ontario think about their national history and what impact education historical culture and the real life curriculum of meaningful experiences have on the formation of narration identity and historical consciousness
