Marketing Research Steve D'Alessandro, Hume Winzar, Ben Lowe, William Zikmund, 2020-06-18 Marketing Research 5e equips students with the knowledge and skills required to successfully undertake marketing research Combining a solid theoretical foundation with a practical step by step approach the marketing research process is explored through a learning model that is constantly reinforced throughout the text Using

local and international examples data sets and case studies to explain traditional marketing research methods Marketing Research also examines new theories and techniques To reflect emerging industry practices each stage of research reporting is detailed as well as a range of presentation methodologies For analysing data the text covers both SPSS and Excel outputs This text is indispensable for students studying marketing research in any business or marketing course Premium online teaching and learning tools are available on the MindTap platform Learn more about the online tools cengage.com/au/mindtap

Statistical Case Studies Roxy Peck, Larry D. Haugh, Arnold Goodman, 1998-01-01 Statisticians know that the clean data sets that appear in textbook problems have little to do with real life industry data To better prepare their students for all types of statistical careers academic statisticians now strive to use data sets from real life statistical problems This book contains 20 case studies that use actual data sets that have not been simplified for classroom use Each case study is a collaboration between statisticians from academe and from business industry or government This book is the result of a collaborative workshop of statisticians focusing on academic industrial partnerships The cases come from a wide variety of application areas including biology environment medical and health care pharmaceutical marketing and survey research and manufacturing
