COVID-19 and Existential Positive Psychology (PP2.0): The New Science of Self-Transcendence Paul T. P. Wong, Claude-Hlne Mayer, Gkmen Arslan, In the era of COVID 19 many people have suffered high levels of stress and mental health problems To cope with the widespread of suffering physical psychological social and economical the positive psychology of personal happiness is no longer the sole approach to examine personal wellbeing Other approaches such as Viktor Frankl s theory of self transcendence provide a promising framework for research and intervention on how to achieve resilience wellbeing and happiness through overcoming suffering and self transcendence The existential positive psychology of suffering complements the positive psychology of happiness which is championed by Martin Seligman as two equal halves of the circle of wellbeing and optimal mental health This Research Topic aims to examine the different approaches to Positive Psychology and their influence on individual wellbeing during the COVID 19 era One of the exciting development in the positive psychology of wellbeing is the mounting research on the adaptive benefits of negative emotions such as shame guilt and anger as well as the dialectical process of balancing negative and positive emotions As an example based on all the empirical research and

Frankl's self-transcendence model Wong has developed the existential positive psychology of suffering as the foundation for flourishing. Here are a few main tenets of the model: 1. Life is suffering and a constant struggle throughout every stage of development. 2. The search for self-transcendence is a primary motive guided by the meaning mindset and mindful mindset. 3. Wellbeing cannot be sustainable without overcoming and transforming suffering.

In this Research Topic we welcome diverse approaches discussing the following points: The dialectic process of overcoming the challenges of every stage of development as necessary for personal growth and self-transcendence. The role of self-transcendence in resilience, virtue, meaning, and happiness. The upside of negative emotions. The new science of resilience based on cultivating the resilient mindset and character. How to make the best use of suffering to achieve optimal mental health.
