**Equipping Space Cadets** Emily Midkiff,2022-04-19 Winner of the 2023 Science Fiction Research Association SFRA Book Award 2022 Longlist Nominee for the Best Non Fiction Award from the British Science Fiction Association Equipping Space Cadets Primary Science Fiction for Young Children argues for the benefits and potential of primary science fiction or science fiction for children under twelve years old Science fiction for children is often disregarded due to common misconceptions of childhood When children are culturally portrayed as natural and simple they seem like a poor audience for the complex scientific questions brought up by the best science fiction The books and the children who read them tell another story Using three empirical studies and over 350 children s books including If I Had a Robot Dog Bugs in Space and Commander Toad in Space Equipping Space Cadets presents interdisciplinary evidence that science fiction and children are compatible after all Primary science fiction literature includes many high quality books that cleverly utilize the features of children s literature formats in order to fit large science fiction questions into small packages In the best of these books authors make science fiction questions accessible and relevant to children of various reading levels and from diverse backgrounds and identities Equipping Space Cadets does not stop with

literary analysis but also presents the voices of real children and practitioners The book features three studies a survey of teachers and librarians quantitative analysis of lending records from school libraries across the United States and coded read aloud sessions with elementary school students The results reveal how children are interested in and capable of reading science fiction but it is the adults including the most well intentioned librarians and teachers who hinder children s engagement with the genre due to their own preconceptions about the genre and children *Smek for President!* Adam Rex,2015-02-10 In this much anticipated sequel to *The True Meaning of Smekday* Tip and J Lo are back for another hilarious intergalactic adventure And this time and last time and maybe next time they want to make things right with the Boov After Tip and J Lo banished the Gorg from Earth in a scheme involving the cloning of many many cats the pair is notorious but not for their heroics Instead human Dan Landry has taken credit for conquering the Gorg and the Boov blame J Lo for ruining their colonization of the planet Determined to clear his name J Lo and Tip pack into Slushious a Chevy that J Lo has engineered into a fairly operational spaceship and head to New Boovworld the aliens new home on one of Saturn s moons But their welcome isn t quite as warm as Tip and J Lo would have liked J Lo is dubbed Public Enemy Number One and Captain Smek knows that capturing the alien is the only way he ll stand a chance in the Boovs first ever presidential election With the help of a friendly flying billboard named Bill a journey through various garbage chutes a bit of time travel and a slew of hilarious Boovish accents Tip and J Lo must fight to set the record straight and return home in once piece **The Horn**
