Things Fall Apart Achebe Awa 1 Pearson Education, 1987-12-31      **Notes on Things Fall Apart** Pearson Education, 1988-05-31      Culture, Precepts, and Social Change in Southeastern Nigeria Apollós O. Nwauwa, Ogechi E. Anyanwu, 2019-10-24 This book provides a unique insight into understanding the Igbo social economic and political world through comprehensive analyses of indigenous and foreign religious practices issues surrounding women literature language sexism in musical lyrics films and community development and government It also explores thought provoking cultural practices relating to marriage and divorce reincarnation naming and masquerade dance The themes covered in the book help readers appreciate the often neglected multifaceted local and external forces that continue to shape the Igbo experience in southeastern Nigeria      **Afro-Centered Futurisms in Our Speculative Fiction** Eugen Bacon, 2024-11-14 In this vibrant and approachable book award winning writers of black speculative fiction bring together excerpts from their work and creative reflections on futurisms with original essays Features an introduction by Suyi Okungbowa Afro Centered Futurisms in Our Speculative Fiction showcases creative critical essays that negotiate genre bending and black speculative fiction with writerly practice As Afrodescendant peoples with lived experience from the continent award winning authors use their intrinsic voices in critical conversations on Afrofuturism and Afro centered futurisms By engaging with difference they present a new kind of African study that is an evaluative gaze at African history African spirituality Afrosurrealism becoming black radical imagination cultural identity decolonizing queerness myths linguistic cosmologies and more Contributing authors Aline Mwezi Niyonsenga Cheryl S Ntuny Dilman Dila Eugen Bacon Nerine Dorman Nuzo Onoh Shingai Njeri Kagunda Stephen Embleton Suyi Okungbowa Tobi Ogundiran and Xan van Rooyen offer boldly hybrid chapters both creative and scholarly that interface Afrocentric artefacts and exegesis Through ethnographic reflections and intense scrutinies of African fiction these writers contribute open and diverse reflections of Afro centered futurisms The authors in Afro Centered Futurisms in Our Speculative Fiction feature in major genre and literary awards including the Bram Stoker World Fantasy British Fantasy Locus Ignite Nommo Philip K Dick Shirley Jackson and Otherwise Awards among others They are also intrinsic partners in a vital conversation on the rise of black speculative fiction that explores diversity and social in justice charting poignant stories with black heroines who remake their worlds in color zones of their own image      Things Fall Apart Chinua Achebe, 2009 The contemporary African writer's classic novel depicting the destruction of traditional tribal life by the white man      **The Spirituality of the Igbo People of Nigeria as an Example of Religious Modernization in a Global World** Henry CHUKWUDI OKEKE, 2020-02-18 If there is no religion in the world the world would more or less become a jungle The world will be inhuman Religion touches all aspects of human life Identifying God's will in our world today has become a major problem for many religions of the world In the past in Igbo Traditional Religion human sacrifice as well as the killing of twins were practised For the Igbo traditionalists then that was the will of the deities and equally not

against God's will. But following the encounter of Igbo Traditional Religion with Christianity these are no longer practised. Misinterpretation of God's will by some religions of the world has given rise to religious violence, religious extremism, fanaticism and terrorism we are experiencing today in the world. For these problems to be resolved it is pertinent that the study of various religions be taken seriously. This study should be aiming at better understanding co-existence, respect for one another and frequent inter-religious dialogues among the various religions of the world. When this is achieved the believers of various religions would realize that many are worshipping one God and their desire is to communicate with Him although they may approach Him differently.

Cultural Representations of the Second Wife Jo Parnell, 2023-12-11

Cultural Representation of the Second Wife Literature, Stage and Screen is a multifaceted interdisciplinary cross-cultural work that provides insights into the realities of second wives the world over. This book allows the reader a three-dimensional view of the second wife experience. It asks: What does it mean and what does it feel like to be a second wife in a polygamous union or in a monogamous partnership? Is there a difference? Together the writers in this book cleverly create an in-depth study of the subject through the productions referred to in the title to offer a different approach to the popularly held views of the second wife. The book addresses the intricacies, customs, practices and lifestyles of the various Eastern and Western cultures and demonstrates the abilities of the Humanities to connect and interrelate with other disciplines as well as with the reader's own world.

**Remapping African Literature** Olabode Ibirode, 2018-02-12. This book is an exploration of the material conditions of the production of African literature. Drawing on the archives of Heinemann's African Writers Series it highlights the procedures, relationships, demands, ideologies and counterpressures engendered by the publication of three major authors: Chinua Achebe, Wole Soyinka and Ngugi wa Thiong'o. As a study of the history and techniques of African literary texts, this book advances a theory of reciprocity of effects, what it terms auto-heteronomy, to describe the dynamic of formalist activism by which texts anticipate and shape the forces of literary production in advance. It serves as a departure from the death of the author thesis by reconsidering the role of the author in African literature and culture industry as well as the influence of African publics on writers' aesthetic choices and on the overall processes of production. This work is a major contribution to African literary history, literary criticism and book history.
