Junior Business Analyst Interview Questions/Entry-level Business Analyst Interview Questions

Q1. What are the four core responsibilities of a Business Analyst?

The four most important responsibilities of a Business Analyst include:

1. **Elicit:** A business analyst is expected to communicate with the business project stakeholders and recognize their expectations from the project.
2. **Analyze:** Understanding the stakeholders' expectations and designing a set of steps that must be followed to change business processes, information systems, and business policies.
3. **Communicate:** A business analyst connects various stakeholders and customers in a business project. Communicating requirements and solving problems is a key responsibility of a Business Analyst.
4. **Validate:** Understanding the requirements and presenting them in a structured manner is done by a Business Analyst. The structured document is then used to understand the practical feasibility of project implementation.

Q2. List a few methods for eliciting requirements.

Document Analysis

Survey/questionnaires

Focus group

Prototyping

Requirements work-shops

Interface analysis

Interviews Observation

Brainstorming

Q3. Describe a few categories of stakeholders in a business organization.
