

Direct vs. Indirect Objects

The Secret to Unlocking the Power of Language!

Direct and indirect objects are two types of objects in a sentence that receive the action of the verb. Here's a breakdown of the key characteristics

Direct Object

Receives the action of the verb directly

Answers the question "what?" or "whom?"

Usually comes after the verb and before the indirect object

Examples: "She ate the pizza,"
"He threw the ball to her."

Indirect Object

Receives the action of the verb indirectly

Answers the question "to whom?" or "for whom?"

Usually comes before the direct object

Examples: "She gave the book to him,"
"He made a cake for her."
