scenes and chart the rise of the super group to mega stardom and its ways Even if you thought you knew the story prepare for surprises and smiles on every page of John Lennon s Secret This really is the true version of events that shook the musical world Review from the Mail on Sunday WHIZZY WORLD OF JOHN LENNON This weird wild and generally whizzy examination of Lennon s life loves lyrics and old laundry lists is a whole lot of fun Good photos too One of the first biographies to appear still proved to be the most accurate about both John Lennon and the extraordinary phenomenon that was The Beatles *John - Signed Stock* Cynthia Lennon,2005-09-26 **A Women's History of the Beatles** Christine Feldman-Barrett,2021-01-28 Winner of the 2022 Open Publication Prize by the International Association for the Study of Popular Music IASPM ANZ A Women s History of the Beatles is the first book to offer a detailed presentation of the band s social and cultural impact as understood through the experiences and lives of women Drawing on a mix of interviews archival research textual analysis and autoethnography this scholarly work depicts how the Beatles have profoundly shaped and enriched the lives of women while also reexamining key influential female figures within the group s history Organized topically based on key themes important to the Beatles story each chapter uncovers the varied and multifaceted relationships women have had with the band whether face to face and intimately or parasocially through mediated popular culture Set within a socio historical context that charts changing gender norms since the early 1960s these narratives consider how the Beatles have affected women s lives across three generations Providing a fresh perspective of a well known tale this is a cultural history that moves far beyond the screams of Beatlemania to offer a more comprehensive understanding of what the now iconic band has meant to women over the course of six decades **Heritage Auctions Music and Entertainment Auction Catalog #696** Jim Steele,2008-09 **150 Glimpses of the Beatles** Craig Brown,2020-10-13 Winner of the 2020 Baillie Gifford Prize for Non Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time If you want to know what it was like to live those extraordinary Beatles years in real time read this book Alan Johnson *The Spectator* Though fifty years have passed since the breakup of the Beatles the fab four continue to occupy an utterly unique place in popular culture Their influence extends far beyond music and into realms as diverse as fashion and fine art sexual politics and religion When they appeared on *The Ed Sullivan Show* in 1964 fresh off the plane from England they provoked an epidemic of hoarse throated fandom that continues to this day Who better then to capture the Beatles phenomenon than Craig Brown the inimitable author of *Ninety Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society This wide ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore When actress Eleanor Bron touched down at Heathrow with the Beatles she thought that a flock of starlings had alighted on the roof of the terminal only to discover that the birds were in fact young women screaming at the top of their lungs One journalist mistaken for Paul McCartney as he trailed the band in his car found himself nearly crushed to death as fans climbed atop the vehicle and

pressed their bodies against the windshield Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant's heartbeat so as to induce a hypnotic state in listeners And just how many people have employed the services of a Canadian dentist who bought John Lennon's tooth at auction extracted its DNA and now offers paternity tests to those hoping to sue his estate 150 Glimpses of the Beatles is above all a distinctively kaleidoscopic examination of the Beatles effect on the world around them and the world they helped bring into being Part anthropology and part memoir and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen this book is a humorous elegiac and at times madcap take on the Beatles role in the making of the sixties and of music as we know it *John Cynthia Lennon*,2005
