

CHAPTER 6

The human resource management function — employee relations

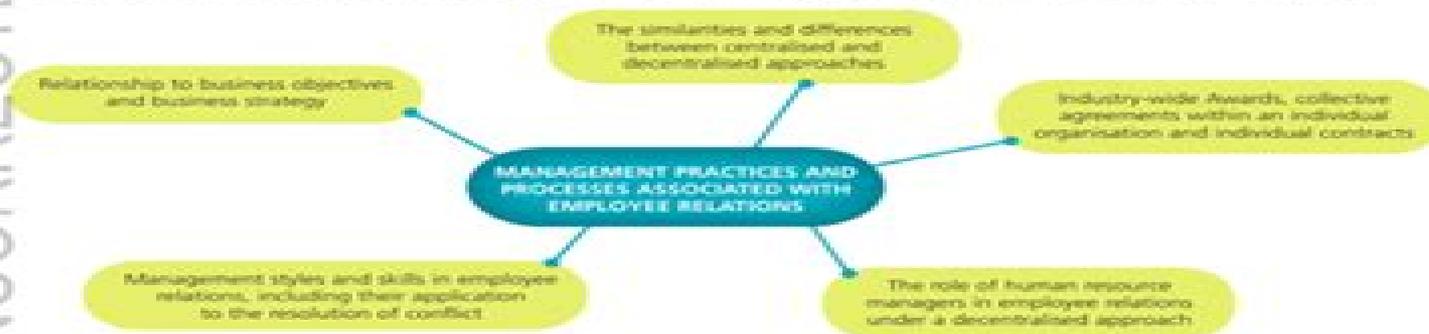

WHY IT IS IMPORTANT

For 200 years, Australia Post has provided an essential service in mail delivery throughout Australia. It has around 31 000 employees, representing 140 nationalities. In December 2013, the organisation won a coveted Australian Human Resources Institute (AHRI) Award for Workplace Relations. The award recognised Australia Post's first back-to-back enterprise agreement, which provided fair and sustainable wages for its employees, while incorporating workplace flexibilities necessary to allow for future change and development. The award also identified Australia Post's ability to maintain a stable and harmonious workplace, to avoid unnecessary industrial conflict, and to provide stability and certainty for all stakeholders in the business. Previous workplace agreements had been characterised by dispute and conflict within the organisation, but more recently Australia Post had been able to employ a strategy based on high levels of stakeholder engagement and transparency. This allowed the negotiation process to result in a mutually beneficial agreement.

web sep 30 2014 the model comparison node will select the best model of the 4 input models to use as the rapid predictive modeler model advanced modeling method finally we look at the advanced modeling method in sas enterprise miner again we see an increase in the complexity of the overall flow there are three distinct portions of the flow

rapid predictive modeler sas r studio 3 4 user s guide - Jun 01 2022

web specifies this information event level specifies the class target value that you want to model the sas rapid predictive modeler automatically builds a model that provides the probabilities for each target event but reporting improves

337 2012 introduction to predictive modeling with examples sas - Jul 14 2023

web predictive modeling is a name given to a collection of mathematical techniques having in common the goal of finding a mathematical relationship between a target response or dependent variable and various predictor or independent variables with the goal in mind of measuring future values of those predictors and inserting them into the mathe

predictive regression modeling sas r studio 3 2 user s guide - Feb 26 2022

web the predictive regression modeling task focuses on the standard independently and identically distributed general linear model for univariate responses and offers great flexibility and insight into the model selection algorithm this task can also create a

predictive modeling with sas enterprise miner 3rd edition - Oct 05 2022

web kattamuri sarma s predictive modeling with sas enterprise miner practical solutions for business applications third edition will show you how to develop and test predictive models quickly using sas enterprise miner using realistic data the book explains complex methods in a simple and practical way to readers from different backgrounds and

113 2010 rapid predictive modeling for customer intelligence sas - Dec 27 2021

web the sas rapid predictive modeler has been created to ease the process of creating efficient accurate and robust data mining models it requires minimal user input and produces reports that are suitable for business presentations

course predictive modeling using logistic regression - Feb 09 2023

web this course covers predictive modeling using sas stat software with emphasis on the logistic procedure this course also discusses selecting variables and interactions recoding categorical variables based on the smooth weight of evidence assessing models treating missing values and using efficiency techniques for massive data sets

predictive analytics what it is and why it matters sas - Apr 11 2023

web predictive analytics is the use of data statistical algorithms and machine learning techniques to identify the likelihood of future outcomes based on historical data the goal is to go beyond knowing what has happened to providing a best assessment of what will happen in the future history
