Lukovich, 2017-12-03 Are you ready to make some permanent changes within yourself and your external world Do you believe it s possible to free yourself from suffering or at a minimum significantly increase your overall happiness Are you ready to heal yourself and others Can you imagine fulfilling your dreams in reality How about transcending your own reactive mind in order to achieve final liberation All of this is possible but requires your determined effort You won t find empty promises in this book only practical guidance You alone are responsible for your life and you alone must do the personal self work in order to attain these goals We will give you the tools are you ready to take them At the beginning of this revolutionary book you will find several quick and easy mind techniques designed to bring immediate results Good for initial practice this section is a great starting point for the casual user warming you up for the deeper work to come We then delve into more complex methods which teach you how to achieve profound and lasting transformation You will get acquainted with a new approach to meditation and mindfulness learn safe ways for deep healing of both yourself and others and explore comprehensive exercises with real life examples for attaining goals Whether you are looking to untie your most rigid problems are striving for long term physical and mental peace or are simply looking to accomplish your biggest aspirations you may be surprised at the kind of results you re capable of You probably won t find methods like this anywhere else as many of them are 100% brand new However all of them rely on several well known spiritual and scientific viewpoints For example one of these principles is that our external world is but a mirror of our inner being which leads us to a very practical attitude everyone is completely responsible for their own life Another viewpoint widely used in contemporary psychological methodologies is that all apparently negative inner structures have a genuinely positive origin and purpose Therefore we must not fight any perceived negativity within us we should face it accept it transform it and re integrate it These and other basic postulates are effectively employed in all methods and approaches presented in the book Again you will have to put in some effort Progress can t come into your life on its own You can learn and grow using these techniques to remove or transform mind content without any risk of forgetting valuable life lessons or loss of maturity from your past You will be able to control all your thoughts emotions sensations traumas goals sometimes even illnesses pointing them in the direction of success and personal growth This robust and multifaceted tool called the Reintegration System will give you a straightforward step by step opportunity to do so The main strength of the system is that it covers almost all areas of personal development spiritual growth meditation problem solving healing interpersonal relations comprehensive personality integration goal completion however you decide to use it All approaches are mutually complementary ready to work together to help get you where you want to be Join us on this new journey of
