Empire Michael Hardt:

Empire Michael Hardt, Antonio Negri, 2001-09-15 Empire as Hardt and Negri demonstrate is the new political order of globalization Their book shows how this emerging structure is fundamentally different from the imperialism of European dominance and capitalist expansion in previous eras Rather today s Empire draws on the hybrid identities and expanding frontiers of U S constitutionalism Empire and Imperialism Atilio Borón, 2005-02 In 2001 the Harvard scholar Michael Hardt and the independent Italian left wing intellectual Toni Negri published a modern critique of imperialism The book was widely criticized by left wing intellectuals who felt that the book posed unfortunate implications for political resistance to imperialism and that it ignored both the experience and intellectual analysis of thinkers from the South Atilio Boron is one of those He argues that Hardt and Negri s concept of imperialism without an address though well intentioned ignores most of the fundamental parameters of imperialism The nation state far from weakening remains a crucial agent of capitalism deploying a large arsenal of economic weaponry to protect and extend its position and actively promoting globalization in its own interests **Multitude** Michael Hardt, Antonio Negri, 2005-07-26 In their international bestseller Empire Michael Hardt and Antonio Negri presented a grand unified vision of a world in which the old forms of imperialism are no longer effective But what of Empire in an age of American empire Has fear become our permanent condition and democracy an impossible dream Such pessimism is profoundly mistaken the authors argue Empire by interconnecting more areas of life is actually creating the possibility for a new kind of democracy allowing different groups to form a multitude with the power to forge a democratic alternative to the present world order Exhilarating in its optimism and depth of insight Multitude consolidates Hardt and Negri s stature as two of the most important political philosophers at work in the world today *Reflections on Empire* Antonio Negri, Michael Hardt, Danilo Zolo, 2008-07-08 This new book from Antonio Negri one of the most influential political thinkers writing today provides a concise and accessible introduction to the key ideas of his recent work Giving the reader a sense of the wider context in which Negri has developed the ideas that have become so central to current debates the book is made up of five lectures which address a series of topics that are dealt with in his world famous books empire globalization multitude sovereignty democracy Reflections on Empire will appeal to anyone interested in current debates about the ways in which the world is changing today to the many people who are followers of Negri s work and to students and scholars in sociology politics and cultural studies Empire and Beyond Antonio Negri, 2008-12-31 In April 2003 after twenty four years spent in conditions of imprisonment exile and constraint Negri was finally granted a passport This gave him the opportunity to travel worldwide and to test the political theory which had given rise to his bestselling volume Empire co authored with Michael Hardt This new book Empire and Beyond brings together texts in which Negri explores and elaborates the revolutionary ideas that underpin his social and political theory He examines among other things the political movements that are emerging today to challenge and resist the power of Empire the hegemony of immaterial labour and the

subjective and objective conditions of social transformation in our contemporary postmodern world Each of these texts delivered as speeches to audiences around the world gives Negri the opportunity to test his ideas with politically committed audiences with a view to developing theory further a continuous and exciting process of critique and renewal back cover

Polity and Crisis Massimo Fichera, Sakari Hänninen, 2016-04-22 European integration is an open ended ongoing process which has been deeply challenged by integral world capitalism This study explores the present EU foundational dilemma looking at the problematic relationship between the ideal model of integration and the reality of the 21st century Including contributions from leading theorists this volume explores the ways and extent to which the present European crisis could create a politico legal space for new possibilities and opportunities for action The authors discuss the current role of the EU and whether it aspires to be a democratic polity or a functional organization based on inter governmental bargaining The chapters question whether the future of European integration after the crisis will be paved by decisions which conflict with its Treaty basis and how it might come up with alternatives which would do more than echo the compulsions of the global market Issues are analysed from a historical perspective to see what can be learnt from its past and to explore the options for the future With contributions from prominent international legal and political scholars the book will be of interest to academics students and policy makers working in these areas

Dark Academe Jeffrey R. Di Leo, 2024-04-27 This book argues that a critical understanding of dark academe is vital to the futures of democracy and education Drawing upon contemporary literary and cultural theory particularly affect theory queer epistemology and critical race theory as well as critiques of capitalism and accounts of the death drive it builds a case for identifying dark academe as anything that prohibits the pursuit of democratic education and critical citizenship It also argues that dark times require a reassessment of the ways theory and knowledge are approached in the humanities This is necessary if the aim is to truly understand the darkness at the heart of the higher education today Dark academe works to negate education and learning by continuously telling us that the quest for knowledge is empty and the pursuit of critique is blind In this educational darkness the death drive of neoliberal academe becomes a force that works against intellectual transformation and the deepening of critical sights

Empire's New Clothes Paul Andrew Passavant, Jodi Dean, 2004 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Apostolicity John G. Flett, 2016-06-23 At the heart of the ecumenical discussions over the past century lies the issue of what constitutes the apostolicity of the church In an attempt to forge structural agreements these discussions have ignored the diversity of world Christianity In this groundbreaking study John Flett presents a bold account of an apostolicity that embraces plurality

The Chinese Impact upon English Renaissance Literature Professor Mingjun Lu, 2015-09-28 Drawing on globalization theory and the representations of China in English Renaissance literature author Mingjun Lu proposes a liberal cosmopolitanism model to study the early modern interactions with the other Challenging the conventional colonial postcolonial nationalist and Orientalist frameworks the liberal cosmopolitanism model

not only opens Renaissance literary texts to globalization theory but also initiates a new approach to the early modern conception of cultural pluralism By pushing East West contact back to the period in 1570s 1670s Lu s work uncovers some hitherto unrecognized Chinese elements in Western culture and their shaping influence upon English literary imagination

The Insular Cases and the Emergence of American Empire Bartholomew H. Sparrow,2006 Focuses on America s first attempts at empire building through a string of U S Supreme Court decisions in the early part of the 20th century that tried to define the legal and constitutional status of America s island territories Puerto Rico Cuba and the Philippines among others and reveals how the Court provided the rationalization for the establishment of an American empire

Commonwealth Michael Hardt,Antonio Negri,2009-10-01 With *Commonwealth* Michael Hardt and Antonio Negri conclude the trilogy begun with *Empire* and continued in *Multitude* proposing an ethics of freedom for living in our common world and articulating a possible constitution for our common wealth Contested Knowledge Steven Seidman,2011-09-23 *Contested Knowledge* is a well established text offering up to date perspectives on social theory by one of the most important thinkers of our time This fourth edition includes an exploration of globalization and a new section on the theories of global and world order It provides a thoughtful and rigorous yet highly accessible and reader friendly account of social theory Responds to current issues debates and new social movements Reviews sociological theory from a truly contemporary perspective Examines both classical and contemporary theories Combines social analysis and moral advocacy to demonstrate how social theory contributes to the making of a better world Challenges social scientists to renew their commitment to the important moral and political role social knowledge plays in public life A thoughtful and rigorous yet highly accessible and reader friendly account of social theory An accompanying website containing additional support for lecturers and students is available at www.blackwellpublishing.com/seidman *Endless Empire* Alfred W. McCoy,Josep Maria Fradera,Stephen H. Jacobson,2012 Throughout four millennia of recorded history there has been no end to empire but instead an endless succession of empires After five centuries of sustained expansion the half dozen European powers that ruled half of humanity collapsed with stunning speed after World War II creating a hundred emerging nations in Asia and Africa Amid this imperial transition the United States became the new global hegemon dominating this world order with an array of power that closely resembled that of its European predecessors As Brazil Russia India China and the European Union now rise in global influence twenty leading historians from four continents take a timely look backward and forward to discover patterns of eclipse in past empires that are already shaping a decline in U S global power including erosion of economic and fiscal strength needed for military power on a global scale misuse of military power through micro military misadventures breakdown of alliances among major powers weakened controls over the subordinate elites critical for any empire s exercise of global power insufficient technological innovation to sustain global force projection **Antonio Negri** ,2003

American Angels Peter Gardella,2007 Explores the rich history of angels in America from Spanish colonialism and

Puritan culture to modern incarnations found on TV in movies in comic books and on bumper stickers Finds that Americans have constructed the useful angel as a servant of man rather than an agent of God **Tikkun** ,2005 The Spokesman ,2004 *Global Babel* Samir Dayal,Margueritte S. Murphy,2007 Globalization as we know it today would be unimaginable without the revolution in information and communication technologies of the last thirty years Yet have we achieved one world as the promotional hype for cellular and digital networks would have it This collection of essays *Global Babel Questions of Discourse and Communication in a Time of Globalization* explores the current state of communication and discourse in a globalized environment The essays are united by an awareness that whether understood technologically economically epistemologically or culturally globalization is a discursive field with discrepant assumptions categories and conclusions As such globalization is double edged and complex It can certainly enable the exploitation of the powerless by the powerful in different contexts or at different moments it can also facilitate individual and collective agency It is this doubleness this complexity that this collection seeks to bring into focus This volume offers an interdisciplinary forum where technological aesthetic and ethical issues relating to globalization inhabit the same conceptual frame Together the essays address the central issue of how the new knowledges of globalization are being articulated and explore the cultural consequences and success of such communication and knowledge exchange **Interdisciplinary Literary Studies** ,2007
