**Nothing** Janne Teller,2012-03-20 When thirteen year old Pierre Anthon leaves school to sit in a plum tree and train for becoming part of nothing his seventh grade classmates set out on a desperate quest for the meaning of life **An Anthropology of Nothing in Particular** Martin Demant Frederiksen,2018-08-31 There have been claims that meaninglessness has become epidemic in the contemporary world One perceived consequence of this is that people increasingly turn against both society and the political establishment with little concern for the content or lack of content that might follow Most often encounters with meaninglessness and nothingness are seen as troubling Meaning is generally seen as being a cornerstone of the human condition as that which we strive towards This was famously explored by Viktor Frankl in Man s Search for Meaning in which he showed how even in the direst of situations individuals will often seek to find a purpose in life But what then is at stake when groups of people negate this position What exactly goes on inside this apparent turn towards nothing in the engagement with meaninglessness And what happens if we take the meaningless seriously as an empirical fact The Routledge Companion to Media and Fairy-Tale Cultures Pauline Greenhill,Jill Terry Rudy,Naomi Hamer,Lauren Bosc,2018-03-28 From Cinderella to comic con to colonialism and more this companion provides readers with a comprehensive and current guide to the fantastic uncanny and wonderful worlds of the fairy tale across media and cultures It offers a clear detailed and expansive overview of contemporary themes and issues throughout the intersections of the fields of fairy tale studies media studies and cultural studies addressing among others issues of reception audience cultures ideology remediation and adaptation Examples and case studies are drawn from a wide range of pertinent disciplines and settings providing thorough accessible treatment of central topics and specific media from around the globe
