100 Personalities Book:

The 100: A Ranking Of The Most Influential Persons In History Michael H. Hart, 2000-06-01 In 1978 when Michael Hart's controversial book *The 100* was first published critics objected that Hart had the nerve not only to select who he thought were the most influential people in history but also to rank them according to their importance. Needless to say the critics were wrong and to date more than 60 000 copies of the book have been sold. Hart believed that in the intervening years the influence of some of his original selections had grown or lessened and that new names loomed large on the world stage. Thus the publications of this revised and updated edition of *The 100*. As before Hart's yardstick is influence not the greatest people but the most influential the people who swayed the destinies of millions of human beings determined the rise and fall of civilizations changed the course of history. With incisive biographies Hart describes their careers and contributions. Explaining his ratings he presents a new perspective on history gathering together the vital facts about the world's greatest religious and political leaders inventors writers philosophers explorers artists and innovators from Asoka to Zoroaster. Most of the biographies are accompanied by photographs or sketches. Hart's selections may be surprising to some. Neither Jesus nor Marx but Muhammad is designated as the most influential person in human history. The writer's arguments may challenge and perhaps convince readers but whether or not they agree with him his manner of ranking is both informative and entertaining. *The 100* revised and updated is truly a monumental work. It promises to be just as controversial just as thought provoking and just as successful as its predecessor a perfect addition to any history or philosophy reference section.

The Practice of Liberating Consciousness - Book 1 Kurt Richard Walchensteiner, 2025-10-06 This book contains the first part of a practical path to the liberation of consciousness. It is about consciousness giving birth to time and space that every human being consists of 5 bodies and that the known universe is located in a matrix of 13 dimensions of consciousness. The book consists of 2 parts. Kurt Richard Walchensteiner has researched and meditated for many years and has described over 1000 properties space consciousnesses and personality types of being human. There is a multi dimensional structure of consciousness that defines the human being comparable to an inner platform. Knowledge of this structure has been lost. Thousands of characteristics orders and space consciousnesses from 13 dimensions form an inner universe in the human being. Space and time determine this structure. Anyone who wishes to study human consciousness will find an almost indescribable treasure trove of knowledge in this book. Some traditions contain individual contents. The places of light and darkness mentioned in the Gnostic text *Pistis Sophia* as well as the 13 crystal skulls of the Mayan religion refer in their original meaning to the 13 dimensions of consciousness. Orders and space consciousnesses can also be found in other religions and teachings which when taken out of context take on different positions. This structure of consciousness is as old as the human being itself. It explains the origin of man and also the path that the human being is moving towards. Every human being has to face the challenge of being a human being. This means moving into one's own interior recognizing the

dimensions of consciousness and becoming what every human being carries as an inner potential The path to this is the practice of liberating consciousness and thus fulfilling what it means to be human This is the content of these two books Translation from German Kurt Richard Walchensteiner with the help of <https://www.supertext.com> <https://translate.google.com> <https://dict.leo.org> and <https://languagetool.org> de *100 Books for Girls to Grow On* Shireen Dodson,2011-08-02 An Inspiring Approach to Reading From A Tree Grows in Brooklyn to Ramona the Pest to Wringer here are 100 great books guaranteed to stir the imagination spark conversation and lead the way to adventure In *100 Books for Girls to Grow On* Shireen Dodson author of the acclaimed *The Mother Daughter Book Club* offers a selection of both new and classic titles Each book has been handpicked because it is a joy to read because it inspires mother daughter dialogue and because it encourages creativity beyond the book experience Included are brief plot summaries for each book as well as thought provoking discussion questions inspired field trip ideas fun crafts and activities and biographies of the authors Let books become a springboard for encouraging your daughter s imagination Ideas inside include Design and draw colorful dresses like Wanda Petronski heroine of Eleanor Estes *The Hundred Dresses* Take your cue from Harriet the Spy and create your own stories from overheard snippets of conversation While reading *Caddie Woodlawn* pull out a map and trace Caddie s mother s journey from Boston to the Wisconsin frontier You don t need to form a book club to use and enjoy *100 Books for Girls to Grow On* Shireen Dodson offers stimulating ideas that will spark your daughter s creativity and nurture a love for books
