The International Mathematical Olympiad (IMO) is a competition for high school students. China has participated in the IMO 21 times since 1985 and has won the top ranking for countries 14 sometimes, with a multitude of golds for individual students. The six students from China have been selected each year from 20 to 30 students among approximately 130 students who participated in the annual mathematics competition in China during the months of winter. This volume consists of a collection of original problems with solutions that China uses to form its Olympic team the years 2006 to 2008. Problems of mathematics Olympiad with Solutions for the years 2006 2002 appear in a previous volume, Mathematics Olympiad in China.
