Jardim, Ida Glaser, Shirin Shafaie, 2025-09-30 Bringing together scholars from across the world this publication shows Christians and Muslims individually or together reading the canonical Gospels of the New Testament in conversation with Islamic texts and contexts In the discovery of meaning between text context and praxis this volume asks what are the texts doing in contexts as far flung as Indonesia the Hijaz of early Islam in Persian poetry of medieval times or modern Sunni interpretation in north America This second edited volume in the series Reading the Bible in Islamic Context continues the pioneering venture in contextual and intertextual reading It shows the richness of cooperative scholarship that results from reading the New Testament in Islamic context and exploring how the Gospel is understood in various religious traditions The Gospels in Islamic Context will be of interest to scholars students and practitioners encouraging them to explore new methods for taking into account intertextual factors as well as the history of Muslim Christian relations that arises from them It is a venture in which Muslims and Christians travel side by side and in conversation with each other although with significantly different perspectives and often different agendas      [Demonizing The West](#) Mohsin Shawkat, 2024-07-16 This Book The image of the West in contemporary Arab culture is distorted and devoid of friendliness because those who painted this image lacked free and independent thinking away from dogma or the influence of the old dominant powers in the Arab region It is difficult to separate anti west and anti Jews Hence Jews occupy a large portion of this book since it is the easiest and quickest way to demonize the West The book reviews the most prominent names that contributed to Demonizing the West within the Arab East over an entire century The list includes the names of writers poets translators singers and actors in theatre and cinema They reflect the level of thinking of the broad masses to this day One thing in common among these names is that they all conform and strengthen what already exists They reflect the level of thinking of the broad masses There is no one among them who thinks alone If one of them wants to say something he waits to hear it from millions before him Here lie the biggest challenges facing Arab culture The book discusses a large number of anti West Jews and Arab rulers texts Furthermore the book discusses films songs and television series The book includes seven studies on the challenges facing Arab culture      *Concepts of Messiah* Yehoiakin ben Ya'ocov, 2012-07-17 What is a Messiah We have heard this word a lot echoing down through the centuries It is used by three major religions on this planet Christianity Judaism and Islam Who is the Messiah What is or what will his purpose be And if he has already come then what was his purpose Will he return If you ask this question to clerics of the three monotheistic religions they each will give you a different answer and a different name Each of these clerics will have a different concept of Messiah In this book Messianic Jewish moreh teacher cantor and writer YEHOIAKIN BEN YAOCOV explores each of the concepts in detail in an easy to read format Bet Doresh Messianic Jewish Ministries of New Mexico 2622 West Texas Street Carlsbad New Mexico 88220 jehoiakin
