

Until recently EBC have offered fully black coated or black top hat rotors, these were called Gen 1 and Gen 2 rotors.

This is changing.

The new Gen 3 rotors are fully silver Geomet coated. There is no change to the quality of iron used or the methods of production we use. These are still the same G3000/G3500 superb quality replacement parts.

- higher corrosion resistance
- areas of rotor not contacted by the pads remain silver for years
- the silver GEN3 hub/hat will match the vehicles OE rotors for a better visual look on the vehicle if replacing only front or rear set

GEN 1

GEN 2

GEN 3
