In the foreground, a wooden gavel with a black handle and a silver band around its head rests on a wooden surface. In the background, a person's hands are visible, one holding a pen and the other resting on a document, suggesting a legal or judicial setting. Working with India Wolfgang Messner,2008-11-18 Globalization requires effective international and cross cultural collaboration When project teams from Western cultures first come into contact with colleagues from the Indian IT and BPO industry prejudices against the new and unknown are typically amplified This book is a start on the journey of cultural appreciation for managers project leaders and offshore coordinators working together with Indians It is also a resource for business managers and company strategists seeking to understand the softer aspects behind the headlines that the Indian IT and BPO industry so frequently creates Being both academically well researched and an account of the author s many years of personal experience in India the book opens with a description of cultural dimensions that help to break down culturally driven matters It provides background information about India as a country and a social system Examining the development and current status of India s IT and BPO industry it moves on to describe the dynamics of its workforce The book then provides practical information on how to communicate negotiate and interact with Indian colleagues and intelligently utilize expatriates It closes by formulating recommendations for a more effective collaboration
