Born Globals, Networks, and the Large Multinational Enterprise Shameen Prashantham, 2015-05-22 Focusing on international entrepreneurship this research book explores the accelerated internationalization of young firms known variously as international new ventures INVs or born globals such firms have come to be viewed as legitimate actors on the global stage alongside large multinational enterprises MNEs However the current approach taken by scholars studying large MNEs and born globals separately is questionable This book explores the crucial MNE INV interface a fascinating yet under researched relationship in international entrepreneurship Drawing upon a decade of case based research the author argues that the MNE influence on born globals must be considered more carefully and suggests how new ventures can leverage MNE networks in the pursuit of their rapid internationalization Furthermore it demonstrates that as firms enhance their levels of innovation new pathways emerge via multinational corporation networks a phenomenon vividly demonstrated in the emerging economy context of the Bangalore software industry This innovative research text will be of interest to academics researchers and advanced students with an interest in international entrepreneurship and business strategy innovation and new ventures

Management Consultancy for Innovation Christopher Williams, 2019-08-05 This book provides a new perspective on innovation in consultancy firms Focusing on how consultancy firms can innovate in the modern era it exposes and discusses key drivers for innovation in the industry These are broken down into 5 dimensions or Poles relating to forms of capital human capital social capital and three types of organizational capital that consultancy firms can use in order to innovate both for themselves and for their clients Readers of this book will not only gain insight into the innovative consultancy from the perspective of each of these Poles They will also discover how consultancy firms need to find the right way of connecting these Poles together in order to produce the desired innovation Readers will learn about the dangers of misaligning the Poles as well as implications of innovative consultancy for ethics academic research in the field of consultancy and for careers In addition to the academic literature the book draws from real world examples cases and practice insights from various parts of the world This book will be of great use to those interested in pursuing a career in the consultancy industry whether they are undergraduate and postgraduate Business Management students students not necessarily studying in Business Schools or others seeking a career move into consultancy It will also be valuable to seasoned consultants and managers of consultancy firms seeking new ideas on how to develop innovative capabilities in an increasingly competitive industry

Leadership in Practice Gerard Seijts, Karen MacMillan, 2017-09-19 Recent financial crises and other high profile mismanagement cases have brought a spotlight to the quality of leader character in the business sector Leadership in Practice is the first book to provide an authoritative collection of cases to engage students interested in the importance of the character of business leaders The authors have compiled a collection of cutting edge cases and readings situating them within a theoretical landscape so students are familiarized with the concepts as they move through

the text The cases cover a wide range of successful businesses from the NFL to Apple and include notable controversies such as those surrounding Enron and Volkswagen Alongside exclusive interviews and insights into the value of leadership character at individual team organizational and societal levels the book includes learning objectives and discussion questions to facilitate lively debate and interaction in the classroom This volume will be a valuable supplement for students and instructors in any leadership class as well as researchers and practitioners interested in exploring case studies that illuminate the nature of leadership in a business setting
