New Syllabus Additional Mathematics Textbook Dr Joseph Yeo, Teh Keng Seng, Loh Cheng Yee, Ivy Chow, 2013-01-01
New Syllabus Additional Mathematics NSAM is an MOE approved textbook specially designed to provide valuable learning experiences to engage the hearts and minds of students sitting for the GCE O level examination in Additional Mathematics. Included in the textbook are Investigation Class Discussion Thinking Time and Alternative Assessment such as Journal Writing to support the teaching and learning of Mathematics. Every chapter begins with a chapter opener which motivates students in learning the topic. Interesting stories about mathematicians, real life examples and applications are used to arouse students' interest and curiosity so that they can appreciate the beauty of Mathematics in their surroundings and in the sciences. The use of ICT helps students to visualise and manipulate mathematical objects more easily, thus making the learning of Mathematics more interactive. Ready to use interactive ICT templates are available at <http://www.shinglee.com.sg/StudentResources>. The chapters in the textbook have been organised into three strands: Algebra, Geometry and Trigonometry and Calculus. The colours purple, green and red at the bottom of each page indicate these. New Syllabus Additional Mathematics Workbook Dr Joseph Yeo, Teh Keng Seng, Loh Cheng Yee, Ivy Chow, 2013-01-01
New Syllabus Additional Mathematics NSAM is a series of textbooks and workbooks designed to prepare students for the Singapore Cambridge GCE O level examination in Additional Mathematics. Together with the textbook, the workbook will provide students with ample practice to apply the various skills and concepts learnt to solving problems in both examination and real life situations. The workbook contains the following features: REVISION NOTES: Revision Notes are found at the start of each chapter. They emphasise the important concepts and formulae in the chapter. PRACTICE QUESTIONS: Practice Questions provide students with a wide range of questions for further practice. The questions are classified into three levels of difficulty: questions require students to use specific skills and concepts in the chapter directly to solve problems; questions require students to apply their skills and concepts to solve problems; questions require students to apply various skills and concepts, including the use of problem solving skills, to solve problems. REVISION EXERCISE: The Revision Exercise is found after every few chapters to help students to recall and consolidate all the concepts learnt in these chapters. MID YEAR SPECIMEN PAPERS AND END OF YEAR SPECIMEN PAPERS: The Mid Year Specimen Papers and End of Year Specimen Papers have been written to follow closely to the format of school's Mid Year and End of Year examinations. It is hoped that when students use this book to reinforce the concepts that they are weak in, they will eventually gain success in Additional Mathematics.

Wong, 2015-07-07. This is a success story about the journey of life of a village boy from a poor big family. The three stages of life are classified as the learning stage, working phase, and yearning or retiring stage. These three stages of his life can be compared to the four seasons. The book has seven chapters. The first chapter consists of the author's general philosophy of life, his habits of meditation, his drill strategy to enhance skills of his game basketball, his secrets of his study strategy, his discoveries of his talents as a writer, investor, and entrepreneur, his financial planning, his family achievements, and his super physical health. The second chapter provides the necessary ingredients, information, and knowledge that help him in building his financial security. It gives a full description of his strategies building many linear incomes as well as residual income. All these efforts make him a wealthy man. The third chapter is full of information and knowledge to help him living a healthy and fulfilled life. They are plenty examples of life style for anyone who cares to live healthily. The fourth chapter gives a full description of his three stages of life including his family history, his struggle from birth to fifteen years old. The experiences of a terrible childhood and child labor. This is comparable to the winter season of his life. His spring season of life begins when his sister gave him the opportunity to study secondary school in the city of Penang. He made full use of the period moving from secondary school to teacher training college and the university. His interest in his game propels him to be a basketball star player. Chapter five gives an account of his working life. After graduating from the university, he begins his summer season of his life. His chosen career as a professional teacher becomes his calling, and he makes full use of available talents in writing to secure his financial security. His motivation, experiences, and contribution give him an edge, and he moves up the ladder of success. He was not only a successful mathematics teacher and an excellent administrator as his school principal, he is also a successful writer, investor, and entrepreneur, making him a wealthy man. At the age of fifty-one, he accomplished his

mission seeing all his projects completed he took his optional retirement He left for Australia to pursue his doctoral study Chapter six gives an account of the autumn season of his life He continues to write invest and learn He keeps fit and continues playing his game tennis He keeps fit and enjoys his retirement Chapter seven tells a new story He embarks on a new adventure called Quantum Jumping He provides many successful quantum jumps to heal his headache to learn new concept to achieve new abundance wealth to gain happiness to increase his excitement in happy marriage and finally acquiring joy of his life The journey is well travelled *Success in Additional Mathematics 3* , Additional Mathematics Book School Mathematics Project,1966 New Syllabus Mathematics Textbook 4 Teh Keng Seng,Loh Cheng Yee,2008-01-01 New Syllabus Mathematics is a series of four books These books follow the Mathematics Syllabus for Secondary Schools implemented from 2007 by the Ministry of Education Singapore The whole series covers the complete syllabus for the Singapore Cambridge GCE O Level Mathematics The sixth edition of New Syllabus Mathematics retains the goals and objectives of the previous edition but has been revised to meet the needs of the current users to keep materials up to date as well as to give students a better understanding of the contents All topics are comprehensively dealt with to provide students with a firm grounding in the subject Explanations of concepts and principles are precise and written clearly and concisely with supportive illustrations and examples Examples and exercises have been carefully graded to aid students in progressing within and beyond each level Those exercises marked with a require either more thinking or involve more calculations Numerous revision exercises are provided at appropriate intervals to enable students to recapitulate what they have learnt Some interesting features of this series include the following an interesting introduction at the beginning of each chapter complete with photographs or graphics brief specific instructional objectives for each chapter Just For Fun arouses the students interests in studying mathematics Thinking Time encourages students to think creatively and go deeper into the topics Exploration provides opportunities for students to learn actively and independently For Your Information provides extra information on mathematicians mathematical history and events etc Problem Solving Tips provides suggestions to help students in their thinking processes We also introduce problem solving heuristics and strategies systemically throughout the series Your Attention alerts students to misconceptions **The Curriculum Development Centre of Malaysia S.** Kanagasabai,1977 **Teaching of Mathematics in Secondary Schools** International Bureau of Education,1956 **New Syllabus Additional Mathematics** Keng Seng Teh,2007 The Mathematical Gazette ,1922 *New Schools for Young India* William John McKee,1930 The author of this book has spent many years in practical educational work in India and in the present colume makes a social survey of life in the Ounjab with a view to determining educational needs He presents authentic pictures of life in the Punjab and a remarkable clear statement of contemporary educational trends particularly with reference to curriculum making Originally published in 1930 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were
